Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 – Amends RCW 48.05.185 to remove the lower limit on fines imposed on insurers by the Office of the Insurance Commissioner (OIC) and increasing the upper limit.

The AGO Solicitor General Office Division (SGO) has reviewed this bill and determined it will not increase or decrease the division’s workload. Therefore, no costs are included in this request.

The AGO Government Compliance and Enforcement Division (GCE) has reviewed this bill and determined it will not increase or decrease the division’s workload in representing the Office of Insurance Commissioner.

SB 5797 amends RCW 48.05.185 to update the authorized fines (set in 1980) the OIC may levy on authorized insurers in addition to or in lieu of suspension, revocation or refusal to renew their certificate of authority. The bill removes the minimum fine of \$250 and increases the maximum fine from \$10,000 to \$25,000. GCE provides legal advice and litigation support to OIC, including bringing civil suits to recover unpaid fines under RCW 48.05.185. Levying fines is an internal duty for OIC, and will not result in any increase in legal services GCE provides to OIC. Therefore, no costs are included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 changes the Office of Insurance Commissioner's (OIC) authority to levy a fine upon an insurer from a minimum of \$250 and maximum of \$10,000 to no set minimum and a maximum of \$25,000.

The OIC does not anticipate an overall change in how it determines the amount of the fines levied against insurers. Therefore, no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
