Title: Criminal Justice Treatment Account

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill seeks to revise RCW 71.24.580 (Criminal Justice Treatment Account), removing time-restrictive language related to the provision of substance use disorder treatment services (SUD) and treatment support services for nonviolent offenders within a drug court program and for 180 days following completion of the programming. It also removes language related to allowances for municipal drug courts and permissibility during the 2019-2021 biennium for a fund transfer from the Criminal Justice Treatment Account (CJTA) to the Home Security Fund Account (HSFA).

Section 1(b) Removes time-restrictive language related to the provision of SUD treatment services and treatment support services for nonviolent offenders within a drug court program and for 180 days following completion of the program, striking “during the 2021-2023 and 2023-2025 fiscal biennia”. (c) Strikes language allowing individuals who wished to complete an established course of court-ordered treatment to do so with CJTA funding, even if they were no longer facing charges. The language is no longer applicable, as individuals who otherwise would have had pending charges overturned by State v Blake are no longer facing charges under what has now been state statute since 2021. This section also removes outdated time-restrictive language allowing a fund transfer from CJTA to HSFA during the 2019-2021 fiscal biennium.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

No Fiscal Impact

Temporary elements added to RCW 71.24.580 have been removed to make it permanent statute, and elements referencing use of funds in the wake of a 2021 state supreme court decision, which had the capacity to overturn several drug pending drug charges for people who would have been using CJTA dollars, has been removed.
