Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 2

- (1) Specifies charter schools are eligible to apply for state grants on the same basis as a school district.
- (2)(b)(vi) Includes charter schools are eligible for state local effort assistance using the charter school's location within the boundaries of a school district's per-pupil enrichment grant.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Cash revenue equals state expenditures.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OSPI assumes local education agencies will expend all revenue received in full. See attached table for calendar year to fiscal year conversion and State note for further expenditure assumption details.
