Section 3(3) states that the chair of the council will be the physician appointed by the Secretary of Health. This physician will be fully dedicated to council duties.

Section 3 (4) states that the council will have four dedicated full-time staff to support the work of the council. Positions are identified as: a data analyst, an administrative assistant, and two epidemiologists.

Section 3 (5) establishes that the council will meet at least quarterly, and additional meetings may be called at the written request of eight members.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill intends to address the challenges in coordination and communication related to the health of individuals housed in confinement settings. The bill recognizes the importance of health in correctional institutions and other confinement settings for public health and reentry.

To address these issues, the bill proposes the creation of a new council within the Department of Health supported by representatives from several state agencies including the Department of Corrections, local governments, federally recognized tribes, and other relevant parties. This council is required to submit a report on the council's activities accomplished in the prior year to the governor and the appropriate committees of the legislature in compliance with RCW 43.01.036.

Effective date is assumed 90 days after adjournment of the session in which this bill is passed.

### II. B - Cash receipts Impact

Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

The fiscal impact of this bill is indeterminate, assumed to be less than \$50,000 per fiscal year.

The DOC will "true up" our fiscal impact in subsequent budget submittals should the legislation be enacted into session law
