## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

HB 2003 creates a new exemption from the leasehold excise tax for leasehold interests in public lands used for the placement of affordable housing for low- and moderate-income households.

The preference is exempt from expiration date requirements in RCW 82.32.805.

Tax Preference Performance Statement Details:

The Legislature categorizes the tax preference as one intended to induce certain designated behavior by taxpayers per RCW 82.32.808(2)(a).

The Legislature's specific public policy objective is to incentivize the placement of affordable housing on public lands.

If a JLARC review finds that the number of affordable housing units placed on public lands increased following the enactment of this tax preference, the Legislature intends to extend its expiration date.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

JLARC staff will work with the Department of Revenue and the Department of Natural Resources, and other appropriate agencies immediately after passage of the bill to ensure project contacts are established and any other necessary data for JLARC staff's future evaluation needs are identified and collected. Staff would work with those same agencies and organizations when conducting its review.

The preference does not have an expiration date, this fiscal note assumes the preference will be reviewed in 2034, 10 years after it takes effect. The expenditure detail reflects work conducted to prepare for the future review of the preferences. Costs associated with the review are not included in this fiscal note. This fiscal note reflects only the costs associated with establishing data collection.

This tax preference review may require additional resources. The audit will be conducted and presented to JLARC consistent with the processes used for other tax preference reviews. Based on all tax preference legislation that is passed, JLARC may subsequently determine that it can absorb the costs for this proposed bill in its base budget, if the workload of other enacted tax preference legislation does not exceed current staffing. JLARC will assess all of the tax preference reviews mandated in the 2024 legislative session.

This audit will require an estimated 1 audit months.

JLARC Audit Months: JLARC calculates its staff resources in "Audit Months" to estimate the time and effort to undertake and complete its studies. An "Audit Month" reflects a JLARC analyst's time for a month, together with related administrative, support, and goods/services costs. JLARC's anticipated 2023-25 costs are calculated at approximately \$23,900 per audit month.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Note: This fiscal note reflects a revision to the revenue impact, and replaces fiscal note number 2003-1.

#### CURRENT LAW:

Leased public property, including government-owned property, is subject to leasehold excise tax (LET). LET is a tax on the use of public property by a private party in lieu of property tax.

#### PROPOSAL:

All leasehold interests for affordable housing on public lands are exempt from LET. The length of the LET exemption depends on the following conditions:

- A 12-year LET exemption if the lessee commits to renting or selling at least 20% of units as affordable to low and moderate-income households.
- A 20-year LET exemption if the lessee commits to renting or selling at least 25% of units as affordable to low and moderate-income households.

#### EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

Public entities collect and pay leasehold excise tax to the Department of Revenue (department).

This bill would impact fewer than three public entities; therefore, any impacts are confidential.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

#### ASSUMPTIONS:

This estimate affects one taxpayer.

#### FIRST YEAR COSTS:

The department will not incur costs in fiscal year 2024.

#### SECOND YEAR COSTS:

The department will incur total costs of \$3,800 in fiscal year 2025. These costs include:

- Labor Costs – Time and effort equate to 0.07 FTE.
- Amend one expedited rule.
- Update taxpayer education, review policy updates, and training.
- Collaborate on implementation plan, update website and forms content.

#### ONGOING COSTS:

Request # 2003-2-2

There are no ongoing costs.

### Part V: New Rule Making Required

*Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.*

Should this legislation become law, the department will use the expedited process to amend WAC 458-29A-400-Rule, titled: "Leasehold excise tax- Exemptions." Persons affected by this rulemaking would include persons who have a leasehold interest for privately owned affordable housing on public lands.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Sec (1) creates tax exemptions when committing to certain levels affordable housing units on public lands.

This bill has no fiscal impact to the Department of Natural Resources, as it does not change how we do our leasing business, and any work falls under DNR's current activities. There is also no changes to the revenue we collect, as DNR does not receive income from the leasehold excise tax.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources.
