Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

House Bill 2383 requires the administrative office of the courts (AOC) to include in their annual dependency report information and data on relational permanency and submit the report to the Office of Public Defense (OPD) and other organizations. Subject to the availability of funds, AOC must also consult with others to identify measures of relational permanency and child well-being and shall submit a plan on reporting the information to the legislature by July 1, 2025. Court forms related to RCW 13.34.820 may be amended to note whether an order or portion of an order was agreed or contested, and if contested, by which party or parties.

The Office of Public Defense does not anticipate a fiscal impact based on these requirements.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
