Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SB 5946 creates the fallen firefighter memorial account, coupled with the general fund as the recipient of the earnings from investments under RCW 43.79A.040(4).

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

There may be an impact on the debt service limitation calculation. Changes to the earnings credited to the general fund impacts, by an equal amount, general state revenues.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 is a new section added to chapter 43.34 RCW stating the intention of the legislature to establish a fallen firefighter memorial on the capitol campus grounds.

Section 2 is a new section that requires the design and construction of the memorial to follow the major works requirements administered by the Department of Enterprise Services.

Section 3 is a new section that establishes the fallen firefighter memorial account and requires that expenditures from the account are to be used for the design, siting, permitting, construction, maintenance, dedication, continuation, or creation of educational materials related to the placement of the memorial on the capitol campus.

This has fiscal impact to the Department of Enterprise Services.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Implementing this bill would require work of DES staff to help coordinate planning and implementation of the project, as well as ongoing maintenance of the memorial.

We assume the following DES staffing needs:

0.1 FTE - Construction Project Coordinator

0.1 FTE – Facilities Planner

Additional costs necessary to implement the bill include \$2,000 to contract with a Conservator to support the coordination of the project with the Department of Archaeology & Historic Preservation, the historical master plan, and other impacted agencies, as well as ongoing maintenance costs of \$5,000 per year to maintain the memorial itself.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill indicates the establishment of a fallen firefighter memorial and a fund for the design, construction, and maintenance of a fallen firefighter memorial on the state capitol campus. The bill outlines five areas where Department of Natural Resources (DNR) is responsible for implementation:

- Section 2 Part (2): The state capitol committee...must work with the department of natural resources...[to work on the design and construction of a firefighter memorial].
- Section 3 Part (1)(a): Starting on Line 8, "...Only the department of natural resources, with the recommendation from the Washington state firefighter memorial foundation, may authorize expenditures from the [fallen firefighter memorial] account...."
- Section 3, Part (1) (a): Starting on Line 1, "The fallen firefighter memorial account is created in the state treasurer."
- Section 3, Part (1) (b): Starting on Line 15, "...The commissioner of public lands and the department of natural resources may solicit and accept moneys...for this purpose."
- Section 3, Part (2): The department of natural resources is authorized to partner...to ensure the memorial is utilized by the public and the firefighter community to recognize, remember, and honor...
- Section 3, Part (3): The department of natural resources may adopt rules governing the receipt and use of funds in the account.

DNR will have fiscal impacts being the responsible party for the architecture & engineering, pre-design and construction costs. The creation of the fallen firefighter memorial account is not anticipated to create additional fiscal impacts to DNR.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2, (1) and (2) generate the whole of costs tied to this project in that they establish a project to be constructed and establish the authorities for design review and execution.

FTE Costs:

FY25: \$84,000

FY26 through FY28: \$65,300

Construction Project Coordinator 3 (.5 FTE) is necessary through predesign, design, and construction phases of project to manage all phases through project close out.

Archaeologist (Natural Resource Scientist 3) is necessary (2 Staff Months) during the pre-design phase to meet requirements associated with EO 21-02 for the selected site

Assumed base project cost for memorial: \$5 Million

A&E costs for pre-design and design at 11% of base cost: \$550,000 (\$275,000 in FY 25 and FY 26).

Total Cost:

2023-25 \$397,600

2025-27* \$459,900

2027-29 \$92,500

*Additional funding request will be needed once actual constructions costs are developed.

Goods and services and travel are calculated on actual program averages per person.

Administrative costs are calculated at 31% of staff salary and benefits and staff-related goods and services and travel. For fiscal note purposes, this cost is represented as a Fiscal Analyst 2 position (0.2 FTE).
