Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 amends RCW 43.21C.229, adding new impact and mitigation language to the criteria list for receiving a categorical exemption, under the State Environmental Policy Act (SEPA), for infill and housing development.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is no impact to the department. This bill does not amend the Growth Management Act (GMA). The department will review and revise local government GMA technical guidance under this bill, which is part of the Local Government Division's existing responsibilities and can be accomplished with minimal additional staff time.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Under current law, the State Environmental Policy Act (SEPA), chapter 43.21C RCW, provides a way to identify possible environmental impacts that may result from governmental decisions. Ecology is responsible for SEPA Rules (Chapter 197-11 WAC). Ecology rules include default "categorical exemptions" for certain actions that do not have to undergo environmental review. The RCW includes a variety of other kinds of exemptions from SEPA, and optional exemptions, that allow for further exemptions beyond those contained in Ecology rules.

Section 1 would amend chapter 43.31C RCW, SEPA, to add a categorical exemption from environmental review under SEPA for residential development in cities, provided the city has conducted certain analytical steps as outlined in the bill. The exemption would be limited to housing projects served by city sewer.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The expenditure impact to Ecology under this bill is estimated to be less than \$50,000 in Fiscal Year (FY) 2025 to implement the requirements of section 1.

This bill would amend a significant new SEPA categorical exemption that was previously adopted in 2023. Ecology developed guidance on that exemption to address the many questions the exemption raised. Ecology assumes that the guidance would need to be updated to remain consistent with the categorical exemption in the statute. Based on previous experience, Ecology estimates that this work would require 0.30 FTE Environmental Planner 5 in FY 2025.

SUMMARY: The expenditure impact to Ecology under this bill is \$43,841.

FY 2025: \$43,841 and 0.35 FTEs

Notes on costs by object:

Salary estimates are current biennium actual rates at Step L.

Benefits are the agency average of 34.1% of salaries.

Goods and Services are the agency average of \$6,048 per direct program FTE.

Travel is the agency average of \$2,205 per direct program FTE.

Equipment is the agency average of \$1,286 per direct program FTE.

Agency Administrative Overhead is calculated at the federally approved agency indirect rate of 29.8% of direct program salaries and benefits, and is shown as object 9. Agency Administrative Overhead FTEs are included at 0.15 FTE per direct program FTE, and are identified as Fiscal Analyst 2 and IT App Development - Journey.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Sec. 1: Defines when certain property is categorically exempt from the State Environmental Policy Act (SEPA). Requires cities or counties to prepare an environmental analysis that considers the maximum density and intensity of the impacts in the jurisdiction's comprehensive plan. The jurisdiction must document consultation with the Department of Transportation regarding impacts on state-owned infrastructure and how the impacts are addressed through mitigation, or through concurrency programs, subdivisions, or dedications approval processes. This does not provide a private party the right to seek judicial review requiring compliance.

This bill will likely result in the filing of some additional appeals before the Growth Management Hearings Board (GMHB), however, impacts are anticipated to be minimal and can be absorbed by the GMHB.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.
