Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation does not change our fiscal impact.

There is no fiscal impact from the legislation to the Washington State Patrol (WSP).

Section 2(5) and 3(2)(h) require the Department of Children, Youth and Family Services to maintain fingerprinting services at their offices for the purposes of WSP and Federal Bureau of Investigation fingerprint-based background checks. This requirement is subject to funding.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

We do not anticipate an increase in the number of fingerprint-based background checks from this legislation, so we anticipate no changes in cash receipts.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We do not anticipate an increase in the number of fingerprint-based background checks from this legislation, so we anticipate no changes in workload.
