Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1. The Attorney General's Office (AGO) Agriculture and Health Division (AHD) has reviewed this bill and determined it will not increase or decrease the division's workload. The Department of Commerce (Commerce) was assigned this fiscal note request for its role in estimating the impact of bills on local governments. Commerce is not given any new authorities or responsibilities under this bill. This bill will not generate any new work for AHD. Therefore, no costs are included in this request.

2. The AGO Social & Health Services Division (SHO) has reviewed this bill and determined it will not increase or decrease the division's workload. The enactment of this bill will not impact the provision of legal services to the Health Care Authority (HCA) because this bill limits liability for certain professionals who are providing crisis stabilization to individuals going through a mental health crisis. This bill does not change any of the behavioral health programs in which these providers are functioning to provide that crisis stabilization. Therefore, no costs are included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
