Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

See attached narrative.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

See attached narrative.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

See attached narrative.

HCA Fiscal Note

Bill Number: **5923 SB**

HCA Request #: 24-009 REVISED Title: **Substance Use Prevention Ed.**

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill requires fentanyl and other opioid prevention education to seventh and ninth grade students through health classes or other discretionary programs.

New Section 1 requires the Office of the Superintendent of Public Instruction (OSPI), in collaboration with Educational Service Districts (ESDs), the Health Care Authority (HCA), the Department of Health (DOH), and the Department of Children, Youth, and Families (DCYF), to review frequently used substance use prevention education materials and resources provided to students and their families in middle and high school and identify changes or additional materials and resources.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

No Fiscal Impact

HCA assumes the requirements of this bill to review frequently used substance use prevention education materials and resources provided to students and their families in middle and high school and identify changes or additional materials and resources can be accomplished within existing resources.

OFM Review: Breann Boggs	Phone: (360) 485-5716	Date: 01/12/2024

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill requires the Office of Public Instruction to collaborate with other agencies, including the Department of Health, to review frequently used substance use prevention education materials and resources provided to students and their families in middle and high school and identify changes or additional materials and resources. The department's participation in this review is anticipated to be minimal and can be managed within existing resources. No fiscal impact to the Department of Health.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill requires the Office of the Superintendent of Public Instruction (OSPI) to review substance use prevention education materials and make updates to include education on the lethality and other risks associated with Fentanyl and other Opioids. These updates are to be publicly available by December 1, 2024. It will also require Fentanyl and other opioid prevention education to students in grades 7 and 9. The Department of Children, Youth and Families (DCYF) will be required to collaborate with OSPI.

No fiscal impact to DCYF.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Summary of SB 5923

Section 1 – New Section

(1)(a) By September 1, 2024, the office of the superintendent of public instruction (OSPI) in collaboration with education service districts (ESDs), the health care authority, the department of health, and the department of youth and families shall review the substance use prevention materials and resources used in schools and identify changes or additional resources.

(b) Changes must include risks associated with fentanyl and opioid use and behavioral health resources.

(2) By December 1, 2024, OSPI shall: (a) make updated substance use prevention materials on the OSPI website to be used by educational partners. (b) complete revisions to health and physical education K-12 learning standards regarding life-threatening drug use.

(3) OSPI and partners listed in subsection (1)(a) of this section, shall consult with Indian tribes to ensure effectiveness of materials and resources in state-tribal education.

(4) OSPI in consultation with educational partners shall review substance use prevention at least once every other year.

Section 2 – New Section

(1) All school districts with middle and high schools are strongly encouraged to work with ESDs and specialists in RCW 28A.170.080 to provide fentanyl and other opioid prevention education to families.

(2) Fentanyl and other opioid use prevention education must be provided at least one a year to all students in grade seven and nine, with behavioral health resources as a component.

(3) School districts and ESDs must consider using the materials and resources developed in section 1(1) of this act while providing substance use prevention in health education.

(4) Fentanyl and other prevention education must be provided to as many seventh and ninth grade students as possible, during the remainder of the 2024-25 school year, and annually thereafter.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No impact to cash receipts.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OSPI Impact:

Section 1(1-4) Requires OSPI to collaborate with various partners including Indian tribes, to review substance use prevention materials and resources, used in middle and high schools, and identify changes or additional resources. Complete revisions to health and physical education K-12 learning standards regarding life-threatening drug use by December 1, 2024

To accomplish this work, OSPI assumes the following staffing:

- 1.0 FTE Program Supervisor in FY25 and reducing to a 0.5 FTE in FY26 and beyond to facilitate the review committee, monitoring and oversight of the revisions and materials, oversight of curriculum development in K-12 health and physical education, and posting substance use prevention materials. OSPI estimates the cost associated with this work would be \$167,000 in FY25 and \$78,000 thereafter.
- 0.5 FTE Administrative Assistant 3 in FY25 and reducing to a 0.25 FTE in FY26 and beyond to support the review committee, review of materials, posting and technical assistance. OSPI estimates the cost associated with this work would be \$56,000 in FY25 and \$26,000 thereafter.
- 0.2 FTE Director in FY26 and reducing to a 0.1 FTE in FY26 and beyond to provide direction and oversight to the program supervisor and review committee. OSPI estimates the cost associated with this work would be \$42,000 in FY25 and \$20,000 thereafter.

To accomplish this work, OSPI assumes the following contract requirements:

In order to develop updated substance use prevention materials, a contract is required in FY25, the contract cost is assumed to be \$25,000. The bill also requires in section 1(4) a review of materials and resources at least once every other year, therefore the contract would also be required in FY27 and FY29, at \$25,000 per year.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Summary of SB 5923
Section 1 – New Section

(1)(a) By September 1, 2024, the office of the superintendent of public instruction (OSPI) in collaboration with education service districts (ESDs), the health care authority, the department of health, and the department of youth and families shall review the substance use prevention materials and resources used in schools and identify changes or additional resources.

(b) Changes must include risks associated with fentanyl and opioid use and behavioral health resources.

(2) By December 1, 2024, OSPI shall: (a) make updated substance use prevention materials on the OSPI website to be used by educational partners. (b) complete revisions to health and physical education K-12 learning standards regarding life-threatening drug use.

(3) OSPI and partners listed in subsection (1)(a) of this section, shall consult with Indian tribes to ensure effectiveness of materials and resources in state-tribal education.

(4) OSPI in consultation with educational partners shall review substance use prevention at least once every other year.

Section 2 – New Section

(1) All school districts with middle and high schools are strongly encouraged to work with ESDs and specialists in RCW 28A.170.080 to provide fentanyl and other opioid prevention education to families.

(2) Fentanyl and other opioid use prevention education must be provided at least one a year to all students in grade seven and nine, with behavioral health resources as a component.

(3) School districts and ESDs must consider using the materials and resources developed in section 1(1) of this act while providing substance use prevention in health education.

(4) Fentanyl and other prevention education must be provided to as many seventh and ninth grade students as possible, during the remainder of the 2024-25 school year, and annually thereafter

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No impact to cash receipts.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 directs school districts and ESDs to consider using the materials and resources developed in section 1(1) of this act while providing substance use prevention in health education. As a result, OSPI assumes the fiscal impact to school districts will be minimal and can be incorporated into current health education curriculum and drug prevention programs for students and families.

Part III: Expenditure Detail
