Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute provides LEA funding to charter schools in the amount of the actual enrichment levy per-student for the previous school year for the school district in which the charter school is located, multiplied by the charter school student enrollment from the prior school year, up to \$1,550 per pupil adjusted for inflation.

Provides that LEA funding to charter schools will begin in the 2025 fiscal year rather than the 2025 calendar year.

Moves the funding formula language to the LEA statute and provides a cross reference in the charter school statute.

Section 2 (1) Specifies charter schools are eligible to apply for state grants on the same basis as a school district.

Section 2 (2)(c) Directs OSPI to calculate and distribute charter schools moneys appropriated for local effort assistance under RCW 28A.500.015 (2)(d).

Section 3 (d) provides funding to charter schools in the of the actual enrichment levy per-student for the previous school year for the school district in which the charter school is located, multiplied by the charter school student enrollment from the prior school year, up to \$1,550 per pupil adjusted for inflation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

With an effective date of 2025 fiscal year, OSPI assumes that LEA funds to Charter Schools begin with the fall payments for the 2024 Calendar Year levy collection. In addition, of these funds the Charter School Authorizers are assumed to receive 3% as the oversight fee. For more details and conversion between calendar year to fiscal year, see attached table.

Section 3 (d) provides funding to charter schools in the of the actual enrichment levy per-student for the previous school year for the school district in which the charter school is located, multiplied by the charter school student enrollment from the prior school year, up to \$1,550 per pupil adjusted for inflation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Cash revenue equals state expenditures.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OSPI assumes local education agencies will expend all revenue received in full. See attached table for calendar year to fiscal year conversion and State note for further expenditure assumption details.
