Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

5957 SB requires the Office of Privacy and Data Protection (OPDP) within Consolidated Technology Services (WaTech) to develop guidelines for the use of AI.

Sec. 1. Adds a definition for artificial intelligence.

Sec. 2. Expands the duties of the OPDP authorizing it to develop guidelines for the use of artificial intelligence to ensure the ethical, transparent, accountable, and responsible implementation of the technology, and protection of personally identifiable information.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

5957 SB requires WaTech/OPDP to produce guidelines for the use of AI. This expectation is added to OPDP statutory duties. Contracted resources and expertise may be needed to assist in the development of guidelines.

There is no fiscal impact to WaTech. It is assumed WaTech can absorb the costs for this proposed bill in its base budget if the workload of other enacted legislation does not exceed current staffing levels.
