Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Change from 2SHB 1433 to 3SHB 1433:

Removes all Department of Licensing requirements, and instead sets requirements for cities, counties, and the Department of Commerce.

NEW DESCRIPTION

This bill has no requirements or obligations placed upon the Department of Licensing.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This bill would allow cities and counties to require owners of single-family homes to obtain and provide a home energy performance report before a residence is listed for sale.

Section 1 is a new section stating the legislature's intent to make energy efficiency and greenhouse gas emissions information available to homebuyers.

Section 2 is a new section added to chapter 19.27A RCW which would allow cities and counties to require owners of single-family residences to provide a home energy performance report before a residence is listed for sale. If the city or county requires a home energy performance report to be provided, the home energy audit must comply with the requirements in this section. This report must be prepared by a home energy auditor that has been certified by a qualification certification program approved by the United States department of energy.

This legislation would take effect 90 days after adjournment of the session in which the bill is passed.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This bill would not impact local government expenditures due to the local option.

This bill presents a local option for cities and counties to require owners of single-family residences to obtain and provide home energy reports before listing a residence for sale. It is unknown how many jurisdictions would choose to require these reports, or how much it would cost to implement.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This bill would not impact local government revenues.
