Part II: Narrative Explanation

II. A - Brief description of what the measure does that has fiscal impact

The bill states the Joint Transportation Committee must establish a commission to examine financing, organizational design structure, scope of service, stewardship of the state ferry system, and possible plans for transition based on any commission recommendations for Washington State Ferries (WSF); a representative of WSF will serve on the commission.

II. B – Cash Receipts Impact

Individual State Agency Fiscal Note

II. C - Expenditures

The bill requires a commission to do certain things; however, there is no direct cost to WSF as the only requirement is participation on the commission by a WSF representative. It is assumed the participation of a WSF representative is part of the staff's normal workload, so no additional FTE is required. Therefore, there is no fiscal impact to the department.
