SHB 1396

AGGRAVATED MURDER COMMITTED BY PERSONS UNDER AGE 21

**101 – Caseload Forecast Council
January 30, 2024**

SUMMARY

A brief description of what the measure does that has fiscal impact.

- Section 1 Amends RCW 9.94A.510, the adult felony sentencing grid, by amending the standard sentence for Seriousness Level XVI to refer to RCW 10.95.030 for punishment for this seriousness level (Aggravated Murder is the only offense currently at this level).
- Section 2 Amends RCW 9.94A.540 by changing the minimum term of 25 years for Aggravated Murder in the First Degree to apply to individuals who committed the offense prior to their 21st birthday, rather than their 18th birthday.
- Section 3 Amends RCW 9.94A.6332, sanctions imposed by the Indeterminate Sentence Review Board (Board), to include individuals under the provisions chapter 10.95 RCW established by Section 6 of this act.
- Section 4 Amends RCW 9.94A.729 by including individuals under the provisions chapter 10.95 RCW established by Section 6 of this act, to the prohibition of earning early release time during the minimum term of confinement imposed by the court, and the remaining portion not exceeding 10 percent of the sentence.
- Section 5 Amends RCW 10.95.030 by changing the punishment for any person convicted of Aggravated Murder in the First Degree committed when the person was at least 18 years of age but less than 21. The punishment shall be maximum of life and a minimum term of not less than 25 years, if the court determines that mitigating factors accounting for diminished culpability of youth justify a downward departure. If the court determines those factors do not justify a downward departure, then the person shall be sentenced to life without the possibility of release or parole.
- Section 6 Adds a new section to chapter 10.95 RCW that states a person who was sentenced prior to May 1, 2024, under this chapter or any prior law, to a term of life for offense committed when the person was at least 18 years old but less than 21, shall be returned to court for sentencing consistent with RCW 10.95.030.
- Section 7 Adds a new section to chapter 10.95 RCW that states Sections 1 – 6 of this act apply to all sentencing hearings conducted on or after May 1, 2024, regardless of the date of the underlying offense.
- Section 8 Adds a null and void clause.
- Section 9 States the act takes effect May 1, 2024.

Impact Summary

This bill:

- Amends life sentences for Aggravated Murder in the First Degree for individuals committing the offense when at least 18 years of age and prior to their 21st birthday, allowing for a maximum sentence of life and a minimum sentence of at least 25 years.

The provisions in this bill are both prospective and retrospective in nature. The Caseload Forecast Council (CFC) is equipped to supply only prospective analyses and, as such, defers to the Department of Corrections (DOC) for the retrospective provisions of the bill. Additionally, the CFC's prospective analyses estimate bed impacts for a 20-year period. Since the prospective provisions of the bill require individuals sentenced for Aggravated Murder in the First Degree committed between the ages of 18-21 to serve an absolute minimum term of 25 years in total confinement, any bed impact resulting from the bill is beyond the CFC's 20-year analysis period.

In Fiscal Year 2023, there were six sentence for Aggravated Murder in the First Degree in which the individual was between 18 and 21 at the time of the offense. Therefore, any impact would most likely be a savings of prison beds.

Impact on prison and jail beds.

This bill has no impact on jail beds.

Impact on local and Juvenile Rehabilitation (JR) beds.

This bill has no impact on local detention or JR beds.

Impact on Supervision Caseload.

Anyone released by the Board under the provisions of this bill could be supervised for life. The Board has authority to set the period of time an individual released by Board shall be supervised by the Department of Corrections. While CFC has no information about how many individuals would be released by the Board under the provisions of the bill, any releases would result in an increased need for DOC community supervision resources.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The changes included in the substitute version did not change OFM's fiscal impact assumptions from the previous version.

S HB 1396:

This bill makes several updates to sentencing guidelines relating to persons sentenced for aggravated first degree murder. These changes would have a de minimis workload for OFM, and therefore does not have a fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill relates to persons sentenced for aggravated first degree murder committed prior to reaching 21 years of age.

Section 5 amends RCW 10.95.030 to change the age of a person convicted of the crime of aggravated first degree murder for an offence committed when the person is at least 18 years old but less than 21 years old (changed from less than 18) shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of no less than 25 years if the court determines that the mitigating factors that account for the diminished culpability of youth, as described in (b) of this subsection, justify a downward departure; however, if the court determines that those mitigating factors do not justify a downward departure, the person shall instead be sentenced to life imprisonment without the possibility of release or parole.

New Section 6 adds to RCW 10.95 by specifying that a person, who was sentenced prior to July 1, 2023, under this chapter or any prior law, to a term of life without the possibility of parole for an offense committed when the person is at least 18 years old but less than 21 years old, shall be returned to the sentencing court or the sentencing court's successor for sentencing consistent with RCW 10.95.030. Release and supervision of a person who receives a minimum term of less than life will be governed by RCW10.95.030.

New section 9 provides an effective date of May 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact

Per the Caseload Forecast Council (CFC), there were six sentences for aggravated murder in the first degree in which the individual was between the ages of 18 and 21 at the time of the offense. Any impact would be minimal savings in prison beds and no impact on Department of Children, Youth and Families (DCYF)/Juvenile Rehabilitation (JR) beds.
