Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of SHB 2270 to the original bill:

Section 1: The July 2025 launch date was removed from the bill.

Section 2: The requirement for OFM to facilitate the study is removed, but they are still responsible for contracting with the consultant.

Section 2(1)(d): The scope of work has been updated.

Section 2(4): Contracting restrictions have been added to exclude any contractor who has lobbied for this study.

Summary of SHB 2270:

Section 1: contains findings including that affordable housing and homelessness have reached an unprecedented crisis level in Washington State, and that there needs to be a more holistic approach to better align housing policy across state agencies, local jurisdictions, and community-based programs. The substitute removes the statement of intention to establish a new State Department of Housing by July 2025.

Section 2 would require the Office of Financial Management to contract with an external consultant to study the transition of state housing programs to a new agency, and identify gaps in current state housing programs. The previous version also required the external consultant to help facilitate transition of housing programs to a new agency.

A final report from the consultant containing findings and recommendations would be due by July 1, 2025 (report was December 1, 2024 in the previous version), developed in consultation representatives from 22 stakeholder groups (20 in the previous version).

The report would be required to include: a mission and vision for the new agency, an organizational structure including what parts of state government should be included in the new agency, costs to create a new agency (more detail in substitute regarding the costs to be estimated), a process to manage the reorganization, and benchmarks to measure the effectiveness of the new agency. In addition, the report must include an analysis of potential gaps in existing housing efforts including: the potential of state-owned affordable housing, eviction prevention, emergency housing for natural disasters, educational programs for renters and landlords, accountability of landlords to repair rental housing, the creation of mitigation sites when homelessness increases, and state subsidies for federal vouchers that are inadequate.

The substitute bill prohibits the OFM from awarding the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study, including affordable housing, homelessness, tenant protections, and social services for people at risk of homelessness, and exempts the contract from competitive procurement requirements.

The substitute bill extends the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 requires the Office of Financial Management to contract with an external consultant to study the transition of state housing programs to a new state agency. Engaging the consultant to provide information and feedback as requested is estimated to take an average of 2 hours per week for each of the nine members of the Commerce Housing Division Management Team from July 2024 through June 2025: 0.1 FTE EMS4, 0.05 EMS3, 0.3 WMS3. Which will cost the department roughly \$117,292.

Because engagement with the consultant could not be delegated to newly hired staff, work by the Housing Division's management team members regarding the potential creation of a new housing agency would defer some of their current tasks and duties. As a result, no staff would be hired, and there would be no direct fiscal impact.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29

HCA Fiscal Note

Bill Number: **2270 S HB**

HCA Request #: 24-129

Title: **Department of Housing**

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Affordable housing and homelessness have reached an unprecedented crisis level in Washington state, and this bill would allow for a more holistic approach to addressing those challenges. SHB 2270 establishes a new state Department of Housing to bring together state programs across multiple agencies and partners. To that end, the legislature intends to engage a professional consultant to study the transition of state housing programs to a new state agency and identify gaps the new department can fill.

As compared to the original version of this bill:

- Removes a requirement that the external consultant help facilitate the transition of state housing programs to a new state agency.
- Clarifies that the review of estimated costs for the reorganization includes the creation of the new state agency, including indirect costs, change management, training, and community outreach.
- Adds to the study requirements an analysis of existing state and federal funding for state housing programs and any statutory revisions necessary to ensure sufficient funding for the new agency.
- Clarifies that the consultant must engage with and seek recommendations from both the nonprofit rental housing development industry and the nonprofit homeownership housing development industry.
- Adds a labor organization representing frontline staff within permanent supportive housing providers to the entities that the consultant must engage.
- Prohibits the OFM from awarding the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study, including affordable housing, homelessness, tenant protections, and social services for people at risk of homelessness, and exempts the contract from competitive procurement requirements.
- Extends the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025.

New Section 1 describes the Legislature’s findings and intent. Affordable housing and homelessness have reached an unprecedented crisis level in Washington state and the legislature intends to establish a new state Department of Housing to bring together state programs across multiple agencies and partners.

New Section 2 requires the Office of Financial Management (OFM) to contract with an external consultant to study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. 2(2) requires the external consultant to engage with and seek recommendations from multiple agencies, including the Health Care Authority (HCA). 2(3) requires the external consultant to submit a report with its findings and recommendations to the Governor and the appropriate committees of the Legislature by July 1, 2025.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

HCA Fiscal Note

Bill Number: **2270 S HB**

HCA Request #: 24-129

Title: **Department of Housing**

Indeterminate fiscal impact

Depending on the findings and recommendations from the report that is submitted to the Governor and legislature, HCA may have a fiscal impact if any of HCA's existing Housing programs are selected to move to the new department. Unknown at this time if any of the funding would affect cash receipts at this time.

II. C – Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Indeterminate fiscal impact

This bill intends to establish a new state Department of Housing and engage a professional consultant to help facilitate the transition of programs and identify gaps that the new department can fill.

HCA must provide recommendations to OFM's external consultant who will study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. OFM's consultant must have a report on findings and recommendations to the governor and the appropriate committees of the legislature by July 1, 2025.

HCA's recommendations will need to be informed by homeless/housing program and client data. Existing data from Apple Health Homes program and current Division of Social and Health Services' Research and Data Analysis (DSHS-RDA) housing metrics will be leveraged. Any additional ad hoc reporting will be performed within existing resources. This workload is expected to be minimal, given there are existing reporting streams on this topic.

Depending on the findings and recommendations from the report that is submitted to the Governor and Legislator, HCA may have a fiscal impact if any of HCA's existing Housing programs are selected to move to the new department.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is no fiscal impact to the Department of Social and Health Services (DSHS). This bill creates a Department of Housing that will focus solely on housing and homelessness issues. The bill specifies that the Office of Financial Management must contract with an external consultant to study and help facilitate the transition of state housing programs to a new state agency and identify gaps in current state housing programs. The external consultant must submit a report with its findings and recommendations to the Governor and the Legislature by July 1, 2025.

The costs for DSHS staff to participate in the study can be accomplished within existing resources. Any future fiscal impacts as a result of recommendations to the Governor and/or the Legislature may require an additional appropriation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND PRIOR VERSION OF THE BILL:

The substitute bill makes a number of changes, including extending the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025. These changes do not create fiscal impacts for local governments.

SUMMARY OF THE BILL:

The Office of Financial Management must contract with an external consultant to study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. The contract must require the external consultant to submit a report with its findings and recommendations to the governor and the appropriate committees of the legislature by July 1, 2025.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The legislation would have no expenditure impacts for local governments.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The legislation would have no revenue impacts for local governments.
