Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in SHB 2363, 2024 Legislative Session.

COMPARISON OF SUBSTITUTE BILL WITH ORIGINAL BILL:

The substitute bill modifies the proposed endorsement so the Liquor and Cannabis Board (LCB) must first approve a request for offsite or pop-up activities at a proposed location before an endorsement holder may operate. It also limits a brewery or winery with the new endorsement to 12 events per year and authorizes up to four consecutive days for a single event.

CURRENT LAW:

There is not a license available for off-site and pop-up sales, service, and consumption of alcoholic beverages.

PROPOSAL:

This bill creates a new endorsement to the brewery and winery licenses authorizing off-site and pop-up retail sales, service, and consumption of beer or wine, subject to certain conditions.

The annual fee for the endorsement is \$50.

EFFECTIVE DATE:

The bill takes effect 90 days after the final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS

- Licensees adding the proposed endorsement through the Department of Revenue (department) will pay a \$10 processing fee.
- The department will receive 786 applications from brewery and winery licensees in fiscal year 2025.
- The department will receive 50 applications in fiscal year 2026 and each year after.
- The licensees will annually renew. The renewal processing fee is \$5.

DATA SOURCES

- Department of Revenue business license data
- Liquor and Cannabis Board

REVENUE ESTIMATES

This bill increases state revenues by an estimated \$8,000 in the fiscal year 2025, the first full year of impacted collections.

TOTAL REVENUE IMPACT:

State Government (cash basis, \$000):

FY 2024 -	\$ 0
FY 2025 -	\$ 8
FY 2026 -	\$ 4
FY 2027 -	\$ 5
FY 2028 -	\$ 5

Request # 2363-2-1

Local Government, if applicable (cash basis, \$000): None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

- This legislation will affect 786 brewery and winery businesses requesting this license endorsement.

FIRST YEAR COSTS:

The department will incur total costs of \$65,300 in fiscal year 2024. These costs include:

Labor Costs – Time and effort equate to 0.22 FTE.

- Set up, program, and test computer system changes for a new license endorsement.
- Create a new special notice to inform businesses of the new endorsement.
- Update the department’s liquor retail and nonretail web landing page and the industry guide for the wine industry.

Object Costs - \$36,200.

- Contract computer system programming

SECOND YEAR COSTS:

The department will not incur any costs in fiscal year 2025.

ONGOING COSTS:

There are no ongoing costs.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1:

(1) There is a license endorsement at an annual cost of \$50 available to:

(a) Domestic breweries and microbreweries, to authorize off-site and pop-up retail sales, service, and consumption of beer for on-premises and off-premises consumption.

(b) Domestic wineries to authorize off-site and pop-up retail sales, service, and consumption of wine for on-premises and off-premises consumption.

(2) A domestic brewery, microbrewery, or domestic winery with a license endorsement under RCW 66.24.246 may engage in the privilege authorized under the separate endorsement in RCW 66.24.246 (on-premises endorsement) from an off-site or pop-up location authorized under this section.

(3) A domestic brewery, microbrewery, or domestic winery with an endorsement under this section:

(a) Must apply to the board for authorization to conduct off-site or pop-up activities

(b) May not operate at more than one off-site or pop-up location at a single time;

(c) May not hold more than 12 events per year under the endorsement, provided that each event may be up to four consecutive days in duration

(d) Must operate an off-site or pop-up location only:

(i) Outdoors in an area zoned for a use compatible with the operation of a food truck; or

(ii) Indoors within a building;

(e) Must ensure an enclosed boundary is established with ropes, a fence, or by other physical barrier around the designated area in which off-site or pop-up retail sales, service, and consumption is offered and that the sale, service, and consumption of beer and wine authorized in this section is confined to the designated area only;

(f) May sell beer or wine to adults age 21 or over for on-premises consumption, in the designated area. A customer may remove any portion of bottled wine sold by a domestic winery for on-premises consumption in the designated area that is recorked or recapped in its original container;

(g) May sell beer or wine from the designated area to adults age 21 or over for off-premises consumption

(h) Must ensure any person selling or serving beer or wine for on-premises consumption holds a class 12 or class 13 alcohol server permit.

(4)(a) An endorsement issued under this section does not count toward any additional retail locations or off-site tasting rooms authorized under RCW 66.24.240, 66.24.244, or 66.24.170.

(b) Nothing in this section requires food service in conjunction with alcohol sales or service.

(5)(a) Before the board approves an endorsement holder to operate off-site or pop-up activities at a proposed location, the board must give notice of the endorsement holder's request to operate, to the applicant's local jurisdiction authority.

(6)(a) The Board shall give due consideration to the location where the licensee will conduct off-site and pop-up retail sales, service, and consumption, with respect to the proximity of churches and public institutions and schools.

(7) For purposes of this section, "off-site and pop-up retail sales, service, and consumption" means the retail sale, service, and consumption of beer or wine at a location off of the licensed production facility for which the domestic brewery, microbrewery, or domestic winery has permission or legal authority to possess and use for the sale, service, and consumption of beer or wine.

EFFECTS OF CHANGES BY THE SUBSTITUTE BILL:

Section 1(3a) Modifies the proposed endorsement for off-site or pop-up activities by breweries and wineries so that the Liquor and Cannabis Board (LCB) must first approve a request to operate offsite or pop-up activities at a proposed location before an endorsement holder may operate, instead of authorizing an endorsement holder to operate after 14 days' notice to the LCB.

Section 1(3c) Limits a brewery or winery with the new endorsement to 12 events per year conducted under the new endorsement, instead of not specifying any limit on the number of events or days of operation under the endorsement. Authorizes a single event to be four consecutive days.

Section 1(5) Modifies the proposed notice and objection process to:

- Allow 20 days, instead of 14 days, for objections to be filed with the LCB by the local government and specified entities;
- Require the LCB to disapprove a proposed location if the local government submits a timely objection, instead of allowing the endorsement holder to continue operating and authorizing the LCB to deny renewal of an endorsement at annual renewal after an opportunity for a hearing;
- Require the LCB to disapprove a proposed location if a school submits a timely objection, unless there is a liquor licensee within 500 feet of the school, in which case the LCB has discretion, instead of prohibiting an endorsement holder from operating over a timely objection from a school within 500 feet; and
- Grant the LCB discretion to approve or disapprove a request for a proposed location over the objection of a church or public institution, instead of allowing the endorsement holder to continue operating and authorizing the LCB to deny renewal of an endorsement at annual renewal after an opportunity for a hearing.
- Adds definitions.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Section 1(1) creates a new license endorsement at an annual cost of \$50 available to:

- (a) Domestic breweries and microbreweries, to authorize off-site and pop-up retail sales, service, and consumption of beer for on-premises and off-premises consumption.
- (b) Domestic wineries to authorize off-site and pop-up retail sales, service, and consumption of wine for on-premises and off-premises consumption.

There are 1,571 brewery and winery licenses in Washington. The agency estimates 50% of eligible licenses (786) will apply for the endorsement in the first year and 50 each year after.

FY25: 786 applications x \$50 = \$39,300
FY26: 786 renewals + 50 applications = 836 x \$50 = \$41,800
FY27: 836 renewals + 50 applications = 886 x \$50 = \$44,300
FY28: 886 renewals + 50 applications = 936 x \$50 = \$46,800
FY29: 936 renewals + 50 applications = 986 x \$50 = \$49,300

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

PROJECT COSTS (AS BOARD DIVISION):

The Washington State Liquor and Cannabis Board ("Board") is currently in the middle of a project to upgrade the agency's

internal licensing and enforcement systems. The Licensing, Enforcement, Education, and Administrative Data Systems (LEEADS) is expected to go live in FY 2025. There are change request costs associated with this legislation that will have to be submitted to the vendor. The estimated costs for these change requests is \$116,400 in FY25. Some examples of changes needed follow:

Vendor Cost to Implement: \$94,500

- One Privilege type (Master Table addition)
- \$50 fee
- License dependency – (Domestic breweries and microbreweries, Domestic Wineries)
- LCB Portal Application – Pop-up event notification
- 1 Omniscript Application form
- Address validation (Event Location)
- Local Authority notification process (modified – 14 days)

LCB/Internal hours to implement: 146*\$150.00 = \$21,900, assumed contractor hours

- Technical Training (preparing and delivering): 20 hours
- User Acceptance Testing (to include collaborative with DOR/BLS): 20 hours
- Analysis, requirements and test review: 16 hours
- Development for analytical reporting: 35 hours
- Development for replication: 35 hours
- Documentation and review (System Admin Guide, Data Dictionary, Component Tracker, Operations Plan, Report Specifications, Business Data Glossary, DSA updates, 3 Interface updates, etc.): 20 hours

LICENSING DIVISION:

New Endorsement

- There are 1,571 brewery and winery licenses in Washington. Licensing estimates 50% of eligible licenses (786) will apply for the endorsement in the first year and 50 each year after that. Licensing estimates needing 0.3 FTE Customer Service Specialist (CSS3) in the first year, and minimal ongoing.

Notification of Each Event

- Licensing expects a strong interest from breweries and wineries to sell their products at holiday markets, food truck venues, and other local events. If 786 licenses apply for the endorsement, Licensing anticipates each endorsement holder may have 1 event a month (24 a year), totaling 9,432 events a year. Licensing would assume that licensees may hold multiple events at the same location, however Licensing would notify the local authorities for each event to ensure the local authority has the opportunity to report any concerns (ex. public safety issues at a prior event). Each event requires a local authority notification, review of location (nearby school or church), site plan review, legal permission to operate at the location, etc.

- Provided this, Licensing estimates needing 6.3 FTE Licensing Specialists (ongoing).

- In addition, Licensing needs one Licensing Specialist Supervisor (ongoing) to oversee the Licensing Specialists.

Renewal Process

- Due to the increase in events, Licensing anticipates increased local authority, school and church objections, and denials for endorsements holders. These requests would require additional research, and outreach to local authorities, churches, or school to gather supporting documents for the objections. This position prepares exhibits and letters of intent, as well as tracks the adjudications and discovery process. To support this work, Licensing estimates needing 1.0 Program Specialist 4 (ongoing).

FY25 costs - \$824,080:

0.3 FTE Customer Service Specialist 3 - \$23,767 (\$23,446 salary/benefits, \$321 in associated costs).

6.3 FTE Licensing Specialist - \$540,622/yr (\$523,171 salary/benefits, \$17,451 in associated costs). Onetime costs in FY25 of \$36,630 for equipment purchases.

1.0 FTE Licensing Specialist Supervisor - \$96,755/yr (\$93,985 salary/benefits, \$2,770 in associated costs). Onetime costs in FY25 of \$6,105 for equipment purchases.

1.0 FTE Program Specialist 4 - \$114,096 (\$111,326 salary/benefits, \$2,770 in associated costs). Onetime costs of \$6,105 for equipment purchases.

FY26+ - \$751,473:

6.3 FTE Licensing Specialist - \$540,622/yr (\$523,171 salary/benefits, \$17,451 in associated costs).

1.0 FTE Licensing Specialist Supervisor - \$96,755/yr (\$93,985 salary/benefits, \$2,770 in associated costs).

1.0 FTE Program Specialist 4 - \$114,096/yr (\$111,326 salary/benefits, \$2,770 in associated costs).

ENFORCEMENT DIVISION:

The Washington State Liquor and Cannabis Board ("Board") keeps detailed statistics on all of its enforcement activities and tracks this activity using a unit of measure called a Field Increment (FI). All direct enforcement activities such as premise checks, inspections and investigations are tracked to determine how many FI's are needed to accomplish each activity. Each FI is equivalent to 1/10th of an hour (6 minutes). For example, if a tavern premise check takes 2 FI's and two officers, it is anticipated that one check will consume 4 FI's. Using historical data to factor out indirect activities such as driving time, training, office time and leave, it has been determined that officers are available for an average of 4,220 FI's each year.

The Enforcement Division anticipates the workload impact from 9,432 events per year (refer to Licensing estimate above), with premises checks, licensee support and education, complaints, and on-premise compliance checks to be 2.0 LCB Enforcement Officer 2 (LEO2) per year ongoing. Please see the attached "2363 SHB Pop-up retail sales - Enforcement Field Increment Calculator.pdf" for the workload calculations.

2.0 FTE LCB Enforcement Officer 2 - \$268,390/yr (\$236,670 salary/benefits, \$31,720 in associated costs). Onetime costs in FY25 of \$52,790 for equipment purchases.

INFORMATION TECHNOLOGY DIVISION:

Vendor costs:

-iSeries - \$15,000 (160 hours x \$150/hr)

BI/SSRS - \$6,000

Other - \$75,000

- Webform-based application design
- Buildout of web form
- Integration with ArcGIS
- Integration with Local Authority process
- Integration with SAW

IT Staff costs (iSeries, Replication, and SharePoint):

0.8 FTE IT App Development - Senior/Specialist - \$131,794/yr (\$130,938 salary/benefits, \$856 in associated costs). Onetime costs in FY25 of \$1,725 for equipment purchases.

OCIO QA oversight - \$800,000 (5,000 hours x \$160/hr)

- IT Investments – Approval and Oversight. The Office of the Chief Information Officer (OCIO) defines a major technology investment as one having a total cost that includes a combined level of effort of more than \$500,000 OR has a duration longer than 4-months. If the agency fiscal note analysis anticipates one or both of these criteria being met, the agency is required under OCIO Policy #121 to submit an online self-assessment via OCIO’s Information Technology Assessment Tool (ITPA) speaking to effort size, risk and expected impact on citizens and state operations. If the agency assumes that OCIO’s formal decision is to place the project/effort under formal OCIO oversight, the agency would be required under OCIO Policy #132 to have external Quality Assurance (QA) services present at all stages of the project, from feasibility through implementation. The agency currently estimates that cost at \$160/hr over the estimated lifetime of the project/effort.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

Increased number of days a city or county has to file a written objection to the Liquor and Cannabis Board (LCB) for a pop-up or off-site event from 14 days to 20 days after the transmission date of the LCBs notice. Additionally, the information that must be included in a cities or counties written object was changed to include all facts upon which such objections are based. Endorsed domestic breweries, microbreweries, and domestic wineries are also limited to 12 pop-up or off-site events per year and each event can be up to four consecutive days.

SUMMARY OF CURRENT BILL:

Sec. 1 (Adds new section to RCW 66.24):

(1) (a-b) Establishes a \$50 annual license endorsement for domestic breweries (RCW 66.24.240) and microbreweries (RCW 66.24.244) that would authorize off-site and pop-up retail sales, service, and consumption of beer for on-premises and off-premises consumption.

(2) Authorizes a domestic brewery, microbrewery, or domestic winery with a license endorsement under RCW 66.24.246 to engage in an off-site or pop-up location authorized under this section.

(3) (a-f) Outlines the procedure for a domestic brewery, microbrewery, or domestic winery to operate an off-site or pop-up location.

(4) (a) Establishes that the off-site or pop-up location does not count as an additional retail location.

(5) (a) Requires LCB to give notice to the city or county of the endorsement holder's request for a pop-up or off-site event.

(5) (b) Cities and counties can file a written objections within 20 days after the transmission date of the LCBs notice of a pop-up or off-site event.

(5) (c) The written objections must include a statement of all facts upon which such objections are based and the LCB will

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

CHANGES IN EXPENDITURE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

There were no changes made between versions that would change the expenditure impact of the bill.

EXPENDITURE IMPACTS OF CURRENT BILL:

This bill would not impact local government expenditures.

The bill does not create additional responsibility for city executives or county legislative authorities if they were to object to a domestic brewery, microbrewery, or domestic winery off-site or pop-up location.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

CHANGES IN REVENUE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

There were no changes made between versions that would change the revenue impact of the bill.

REVENUE IMPACTS OF CURRENT BILL:

This bill would not impact local government revenues.

Narrative Explanation (Required for Indeterminate Cash Receipts)

Note: This fiscal note reflects language in SHB 2363, 2024 Legislative Session.

COMPARISON OF SUBSTITUTE BILL WITH ORIGINAL BILL:
 The substitute bill modifies the proposed endorsement so the Liquor and Cannabis Board (LCB) must first approve a request for offsite or pop-up activities at a proposed location before an endorsement holder may operate. It also limits a brewery or winery with the new endorsement to 12 events per year and authorizes up to four consecutive days for a single event.

CURRENT LAW:
 There is not a license available for off-site and pop-up sales, service, and consumption of alcoholic beverages.

PROPOSAL:
 This bill creates a new endorsement to the brewery and winery licenses authorizing off-site and pop-up retail sales, service, and consumption of beer or wine, subject to certain conditions.

The annual fee for the endorsement is \$50.

Narrative Explanation (Required for Indeterminate Cash Receipts)

Section 1(1) of the bill creates a new license endorsement at an annual cost of \$50 available to:

- (a) Domestic breweries and microbreweries, to authorize off-site and pop-up retail sales, service, and consumption of beer for on-premises and off-premises consumption
- (b) Domestic wineries to authorize off-site and pop-up retail sales, service, and consumption of wine for on-premises and off-premises consumption.

There are 1,571 brewery and winery licenses in Washington. The agency estimates 50% of eligible licenses (786) will apply for the endorsement in the first year and 50% year after.

FY25: 786 applications x \$50 = \$39,300
 FY26: 786 renewals + 50 applications = 836 x \$50 = \$41,800
 FY27: 836 renewals + 50 applications = 886 x \$50 = \$44,300
 FY28: 886 renewals + 50 applications = 936 x \$50 = \$46,800
 FY29: 936 renewals + 50 applications = 986 x \$50 = \$49,300
 FY30: 986 renewals + 50 applications = 1,036 x \$50 = \$51,800
 FY31: 1,036 renewals + 50 applications = 1,086 x \$50 = \$54,300
 FY32: 1,086 renewals + 50 applications = 1,136 x \$50 = \$56,800
 FY33: 1,136 renewals + 50 applications = 1,186 x \$50 = \$59,300
