Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

CURRENT LAW:

Public facility districts (PFDs) are authorized to levy sales and use tax for regional centers within districts created by certain dates. The construction, improvement, rehabilitation, or expansion of eligible projects must have commenced prior to certain dates. Once imposed, the tax may remain in place until bonds that finance the construction of the facility are retired, but in no case may the tax be levied for longer than 40 years.

PFDs with at least one regional center where construction occurred before January 1, 2004, are also authorized to levy an additional local sales and use tax of 0.02% to finance the construction, improvement, rehabilitation, or expansion of regional theaters. Once imposed, the tax may remain in place until bonds that finance the construction of the facility are retired, but in no case may the tax be levied for longer than 40 years.

PROPOSAL:

This bill extends the expiration date of these taxes from 40 years to 65 years, provided the bonds have not yet retired.

EFFECTIVE DATE:

The bill takes effect 90 days after the final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Any revenue impact associated with extending the public facilities tax is beyond the time frame of this fiscal note.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department of Revenue will not incur any costs with the implementation of this legislation.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

Section 1 amends RCW 82.14.390 [Sales and use tax for regional centers] to remove a reference to repealed legislation.

Section 2 amends RCW 82.14.485 [Sales and use tax for regional centers] extend the date of which a tax expires by 25 years.

Section 3 amends RCW 36.100.130 [Board of Directors - Compensation] to increase the compensation of each member of the board of directors of the public facilities district for attending meetings or conferences on behalf of the district from \$50 per day to \$100 per day and to double the not to exceed amount from \$3000/year to \$6000 per year.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

Section 3 of this bill will increase expenditures for members of county authorized Public Facility Districts (PFD) boards, a type of special district. Currently, county authorized PFD board members may receive stipends up to \$3,000 per year to offset the costs of travel to attend meetings and conferences. This bill will increase that stipend amount to up to \$6,000 per year.

A county authorized PFD is a PFD that was formed by a county and utilizes title 36. According to the Municipal Research and Services Center's website, currently, there are about 13 county authorized PFDs in Washington with board member-counts ranging from 5 to 9. The LGFN Program assumes an average of 7 board members per county authorized PFD to total 91 board members eligible for increased stipends across the state.

91 board members x (\$3,000) expenses = \$273,000 per year increased expenses.

Section 2 of this bill amends an expiration date that is beyond the 5-year scope of this fiscal note.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This bill will not impact local government revenue.

Section 3 of this bill alters the use of current revenue amounts for public facility districts, but does not alter the total amount of current revenue amounts.
