Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is no fiscal impact to the Department of Social and Health Services (DSHS). Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

2383 S HB differs from the original bill in the following ways:

Section 2(5) adds a new subsection that requires the Administrative Office of the Courts (AOC) to consult with representatives who have knowledge of data collection systems, including the Department of Corrections (DOC) and several other state of Washington agencies, to develop a plan and report on child well-being and relational permanency.

Section 2(6) adds a new subsection that requires the AOC to execute data sharing agreements with DOC and other state of Washington agencies.

The effective date is assumed 90 days after adjournment of the session in which this bill is passed.

The following impacts from the original bill remain unchanged in the substitute:

HB 2383 amends RCW 13.34.820 for the AOC to compile an annual report providing information about cases that fail to meet statutory guidelines to achieve permanency for dependent children. The annual report shall also include information regarding whether foster parents receive timely notification of dependency hearings as required by RCW 13.34.096 and 13.34.145 and whether caregivers submitted reports to the court. Furthermore, the AOC shall submit the annual report to the appropriate committees of the legislature by December 1st of each year, beginning on December 1, 2007, and also submit the annual report to a representative of the Foster Parent Association of Washington State.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The fiscal impact of this bill is indeterminate, assumed to be less than \$50,000 per Fiscal Year (FY).

The DOC assumes this bill would likely result in an increase in workload associated with providing consultation support for data collection systems with the existing resources, although the impact cannot be reliably estimated.

The DOC will “true up” our fiscal impact in subsequent budget submittals should the legislation be enacted into session law
