Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes to substitute house bill 2270 did not impact sections pertaining to the Office of the Governor and the Office of Equity and therefore does not change the Office's previous fiscal note assumptions.

Sec 2(2) The Office of the Governor and the Office of Equity would need to provide recommendations to OFM's external consultant who will be contracted to study and help facilitate the transition of state housing programs to a new state agency and identify gaps in current state housing programs.

Recommendations can be provided using existing resources and therefore does not have a fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 - New section. Findings and intent.

Section 2 - New section. Requires the Office of Financial Management (OFM) to contract with an external consultant to study the transition of state housing programs to a new state agency, the Department of Housing. Sets forth requirements for a study on the new agency. Lists the agencies the external consultant must engage with during its review, including: the Governor's Office (GOV), the Department of Commerce (Commerce), the Department of Social and Health Services (DSHS), the Health Care Authority (HCA), the Office of Equity (OOE), the Office of the State Treasurer (OST), the Attorney General's Office (AGO), the Housing Finance Commission (HFC), the Office of Civil Legal Aid (OCLA), the Administrative Office of the Courts (AOC), and other non-governmental entities. Requires that the consultant submit findings and recommendations to the Legislature by July 1, 2025. Prohibits OFM from awarding the contract to an external consultant or entity that has lobbied or testified on matters related to the scope of the study.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Attorney General's Office (AGO) Administrative Division (ADM) activities are funded with General Fund-State dollars. No cash receipt impact. There is no client agency to bill for legal services.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill is assumed effective 90 days after the end of the 2024 legislative session.

Location of staffing is assumed to be in a King County office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 FTE (MA), is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 Paralegal 1 FTE (PL1) and 0.4 MA.

1. Assumptions for the AGO Administration Division (ADM) Legal Services:

AGO ADM activities are funded with General Fund-State dollars. There is no appropriate client agency to bill for legal services. ADM will require a 0.3 Senior Policy Analyst FTE (PA) that will be responsible for coordinating agency responses and feedback per the requirement the external consultant must engage with and seek recommendations from the AGO. Report is due December 2024, ADM expects there will be a number of meetings in the first half of FY 2025.

ADM: Total King County workload impact:
FY 2025: \$46,000 for 0.3 PA

2. The AGO Social & Health Services Division (SHO) has reviewed this bill and determined it will not increase or decrease the division's workload in representing the Department of Social and Health Services (DSHS). This bill indicates that an

external consultant will consult with DSHS about housing recommendations. Therefore, no costs are included in this request.

3. The AGO Revenue and Finance Division (REV) has reviewed this bill and determined it will not significantly increase or decrease the division’s workload in representing the Office of Financial Management (OFM) or the Office of the State Treasurer (OST). New legal services are nominal and costs are not included in this request.

4. The AGO Government Compliance & Enforcement Division (GCE) has reviewed this bill and determined it will not increase or decrease the division’s workload in representing the Office of Equity (OOE). Therefore, no costs are included in this request.

5. The AGO Agriculture & Health Division (AHD) has reviewed this bill and determined it will not increase or decrease the division’s workload in representing the Department of Commerce (Commerce). Therefore, no costs are included in this request.

6. The AGO Solicitor General’s Office (SGO) has reviewed this bill and determined it will not increase or decrease the division’s workload. Therefore, no costs are included in this request.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of SHB 2270 to the original bill:

Section 1: The July 2025 launch date was removed from the bill.

Section 2: The requirement for OFM to facilitate the study is removed, but they are still responsible for contracting with the consultant.

Section 2(1)(d): The scope of work has been updated.

Section 2(4): Contracting restrictions have been added to exclude any contractor who has lobbied for this study.

Summary of SHB 2270:

Section 1: contains findings including that affordable housing and homelessness have reached an unprecedented crisis level in Washington State, and that there needs to be a more holistic approach to better align housing policy across state agencies, local jurisdictions, and community-based programs. The substitute removes the statement of intention to establish a new State Department of Housing by July 2025.

Section 2 would require the Office of Financial Management to contract with an external consultant to study the transition of state housing programs to a new agency, and identify gaps in current state housing programs. The previous version also required the external consultant to help facilitate transition of housing programs to a new agency.

A final report from the consultant containing findings and recommendations would be due by July 1, 2025 (report was December 1, 2024 in the previous version), developed in consultation representatives from 22 stakeholder groups (20 in the previous version).

The report would be required to include: a mission and vision for the new agency, an organizational structure including what parts of state government should be included in the new agency, costs to create a new agency (more detail in substitute regarding the costs to be estimated), a process to manage the reorganization, and benchmarks to measure the effectiveness of the new agency. In addition, the report must include an analysis of potential gaps in existing housing efforts including: the potential of state-owned affordable housing, eviction prevention, emergency housing for natural disasters, educational programs for renters and landlords, accountability of landlords to repair rental housing, the creation of mitigation sites when homelessness increases, and state subsidies for federal vouchers that are inadequate.

The substitute bill prohibits the OFM from awarding the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study, including affordable housing, homelessness, tenant protections, and social services for people at risk of homelessness, and exempts the contract from competitive procurement requirements.

The substitute bill extends the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 requires the Office of Financial Management to contract with an external consultant to study the transition of state housing programs to a new state agency. Engaging the consultant to provide information and feedback as requested is estimated to take an average of 2 hours per week for each of the nine members of the Commerce Housing Division Management Team from July 2024 through June 2025: 0.1 FTE EMS4, 0.05 EMS3, 0.3 WMS3. Which will cost the department roughly \$117,292.

Because engagement with the consultant could not be delegated to newly hired staff, work by the Housing Division's management team members regarding the potential creation of a new housing agency would defer some of their current tasks and duties. As a result, no staff would be hired, and there would be no direct fiscal impact.

Part III: Expenditure Detail

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This substitute version included the following changes that affected OFM's fiscal impact assumptions from the original bill:

- removed a requirement that the external consultant help facilitate the transition of state housing programs to a new agency.
- clarified for the study what estimated costs for the reorganization should include.
- added a requirement to the study to analyze existing state and federal funding for state housing programs.
- added additional stakeholders that must be engaged by the consultant.
- added a prohibition to OFM from awarding the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study.
- extended the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025.

S HB 2270:

Section 1 defines the intention to establish a new state agency - The Department of Housing, that will focus solely on housing and homelessness issues and bring together state programs that currently span multiple agencies and partners. A professional consultant would be engaged to help facilitate the transition of programs and identify gaps that may be filled by the new agency.

Section 2 requires OFM to contract with an external consultant to study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. OFM may not award the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study, including affordable housing, homelessness, tenant protections, and social services for people at risk of homelessness. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

The contract must require the external consultant to submit a report with its findings and recommendations to the Governor and the Legislature by July 1, 2025.

The study must include a review and recommendations on the following issues:

- a clear mission and vision for the new department.
- the organizational structure for the new department, including which agencies, administrations, commissions, or other functions of state government should be included, and identification of the reasons why a specific housing function or program is not recommended for inclusion, if any.
- any gaps in existing rental, transitional housing, senior housing, homelessness, homeownership, and manufactured housing programs provided by the state.
- estimated costs for the reorganization of state housing programs and creation of a new housing agency.
- a clear process for managing the reorganization.
- an analysis of existing state and federal funding streams for state housing programs and any statutory revisions necessary to ensure the sufficient flow of funds to a new agency.
- measurable benchmarks by which the effectiveness of the new department would be assessed.

As part of the review, the external consultant must engage with and seek recommendations from the following:

- the Office of the Governor
- the Department of Commerce
- the Department of Social and Health Services
- the Health Care Authority
- the Office of Equity
- the Office of the State Treasurer

- the Office of the Attorney General
- the Housing Finance Commission
- the Office of Civil Legal Aid
- the Administrative Office of the Courts
- the nonprofit rental housing development industry
- the nonprofit homeownership housing development industry
- a labor organization representing frontline staff within permanent supportive housing providers
- an organization that represents tenants
- homeless shelter operators
- representatives of low-income persons
- representatives of special needs populations
- public housing authorities
- the for-profit housing development industry
- for-profit rental housing owners
- the Washington State Association of Counties
- the Association of Washington Cities

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM would be required to contract with an external consultant to complete a study and submit a report with recommendations, due by July 1, 2025, that would include:

- a clear mission and vision for the new department.
- the organizational structure for the new department.
- any gaps in existing rental, transitional housing, senior housing, homelessness, homeownership, and manufactured housing programs provided by the state.
- estimated costs for the reorganization, including, but not limited to, indirect costs, change management, training, and community outreach.
- an analysis of existing state and federal funding streams for state housing programs and any statutory revisions necessary to ensure the sufficient flow of funds to a new agency.
- a clear process for managing the reorganization.
- measurable benchmarks by which the effectiveness of the new department would be assessed.
- recommendations from the multiple stakeholders identified in the bill.

Due to the size and scope of the topic, and the breadth of stakeholder engagement required, OFM assumes that an external contractor with the resources and expertise on hand to complete such work would require between \$2 million and \$4 million to complete the study and report recommendations by July 1st, 2025.

As an example, the city of Austin, TX hired McKinsey & Company contractors, a global management consulting firm, to complete a study on “the effectiveness of the strategies, programs, and services provided by the City of Austin (City) and partners which may include Central Health, Travis County, Integral Care, and The University of Texas at Austin Dell Medical School (Healthier Austin Partners) to make homelessness rare, brief, and nonrecurring.” The price of that contract was \$2 million. <https://services.austintexas.gov/edims/document.cfm?id=421783>

HCA Fiscal Note

Bill Number: **2270 S HB**

HCA Request #: 24-129

Title: **Department of Housing**

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Affordable housing and homelessness have reached an unprecedented crisis level in Washington state, and this bill would allow for a more holistic approach to addressing those challenges. SHB 2270 establishes a new state Department of Housing to bring together state programs across multiple agencies and partners. To that end, the legislature intends to engage a professional consultant to study the transition of state housing programs to a new state agency and identify gaps the new department can fill.

As compared to the original version of this bill:

- Removes a requirement that the external consultant help facilitate the transition of state housing programs to a new state agency.
- Clarifies that the review of estimated costs for the reorganization includes the creation of the new state agency, including indirect costs, change management, training, and community outreach.
- Adds to the study requirements an analysis of existing state and federal funding for state housing programs and any statutory revisions necessary to ensure sufficient funding for the new agency.
- Clarifies that the consultant must engage with and seek recommendations from both the nonprofit rental housing development industry and the nonprofit homeownership housing development industry.
- Adds a labor organization representing frontline staff within permanent supportive housing providers to the entities that the consultant must engage.
- Prohibits the OFM from awarding the contract to an external consultant or entity that has lobbied or publicly testified on matters related to the scope of the study, including affordable housing, homelessness, tenant protections, and social services for people at risk of homelessness, and exempts the contract from competitive procurement requirements.
- Extends the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025.

New Section 1 describes the Legislature’s findings and intent. Affordable housing and homelessness have reached an unprecedented crisis level in Washington state and the legislature intends to establish a new state Department of Housing to bring together state programs across multiple agencies and partners.

New Section 2 requires the Office of Financial Management (OFM) to contract with an external consultant to study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. 2(2) requires the external consultant to engage with and seek recommendations from multiple agencies, including the Health Care Authority (HCA). 2(3) requires the external consultant to submit a report with its findings and recommendations to the Governor and the appropriate committees of the Legislature by July 1, 2025.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

HCA Fiscal Note

Bill Number: **2270 S HB**

HCA Request #: 24-129

Title: **Department of Housing**

Indeterminate fiscal impact

Depending on the findings and recommendations from the report that is submitted to the Governor and legislature, HCA may have a fiscal impact if any of HCA's existing Housing programs are selected to move to the new department. Unknown at this time if any of the funding would affect cash receipts at this time.

II. C – Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Indeterminate fiscal impact

This bill intends to establish a new state Department of Housing and engage a professional consultant to help facilitate the transition of programs and identify gaps that the new department can fill.

HCA must provide recommendations to OFM's external consultant who will study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. OFM's consultant must have a report on findings and recommendations to the governor and the appropriate committees of the legislature by July 1, 2025.

HCA's recommendations will need to be informed by homeless/housing program and client data. Existing data from Apple Health Homes program and current Division of Social and Health Services' Research and Data Analysis (DSHS-RDA) housing metrics will be leveraged. Any additional ad hoc reporting will be performed within existing resources. This workload is expected to be minimal, given there are existing reporting streams on this topic.

Depending on the findings and recommendations from the report that is submitted to the Governor and Legislator, HCA may have a fiscal impact if any of HCA's existing Housing programs are selected to move to the new department.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No Fiscal Impact: Because the Commission is a non-appropriated, non-allocated agency, all the costs associated with the contemplated legislation connected to the Commission will flow through the Commission's operating funds, therefore the Commission believes it has no fiscal impact on the state's budget.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is no fiscal impact to the Department of Social and Health Services (DSHS). This bill creates a Department of Housing that will focus solely on housing and homelessness issues. The bill specifies that the Office of Financial Management must contract with an external consultant to study and help facilitate the transition of state housing programs to a new state agency and identify gaps in current state housing programs. The external consultant must submit a report with its findings and recommendations to the Governor and the Legislature by July 1, 2025.

The costs for DSHS staff to participate in the study can be accomplished within existing resources. Any future fiscal impacts as a result of recommendations to the Governor and/or the Legislature may require an additional appropriation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND PRIOR VERSION OF THE BILL:

The substitute bill makes a number of changes, including extending the due date for the consultant's findings and recommendations from December 1, 2024, to July 1, 2025. These changes do not create fiscal impacts for local governments.

SUMMARY OF THE BILL:

The Office of Financial Management must contract with an external consultant to study the transition of state housing programs to a new state agency and identify gaps in current state housing programs. The contract must require the external consultant to submit a report with its findings and recommendations to the governor and the appropriate committees of the legislature by July 1, 2025.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The legislation would have no expenditure impacts for local governments.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The legislation would have no revenue impacts for local governments.
