Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Subject to appropriation, this bill creates a task force to assess current uses and trends to make recommendations to the legislature regarding standards for the use and regulation of generative AI systems. The Attorney General must appoint a member representing the Office of the Governor. The section creating the task force expires on June 30, 2027.

The substitute bill now contains an emergency clause that will make it effective immediately. Changes made in the substitute bill do not change the Office's previous fiscal note assumptions:

The Governor's Office assumes existing staff can participate in the task force and travel expenses associated with the task force will be minimal and can be absorbed within existing resources.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
