Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes in ESB 5241 compared to the previous version (SB 5241, 2023 Session).

Changes include adding the definition of “affiliate” in Section 3, and providing the Attorney General explicit rule-making authority (Section 21). The changes do not modify the impact to the Office of the Secretary of State (OSOS).

Summary of ESB 5241

Section 15 of the bill prohibits OSOS from accepting “any forms or documents in connection with any material change transaction if the attorney general...disapproved the material change transaction or the parties...have not agreed to any conditions or modifications imposed by the attorney general...”

Forms and documents pertaining the “material change transactions” as defined in Section 4(2) of this bill cannot be filed online, do not have standard forms provided by the Office of the Secretary of State, and are manually reviewed in-house by OSOS staff. The bill would require a change in the review procedures and checklist used by OSOS staff in reviewing such documents but would not otherwise necessitate any changes to our filing system or forms.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There are no costs to OSOS associated with implementing this bill.
