Title: **First Approach Skills Program**

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill seeks to establish funding for the First Approach Skills Training (FAST) Program

Section 1 adds the FAST Program to the list of access lines that the Washington State Health Care Authority (HCA) shall implement in collaboration with the University of Washington and Seattle Childrens' Hospital.

Section 2(3) requires the University of Washington to collect data on the FAST program.

Section 3 adds the FAST program to the list of lines that are funded in part through carrier assessments.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

No Fiscal Impact

HCA received funding in Section 211 (70) of the 2023-2025 Operating Budget Bill that was passed as part of Chapter 475, Laws of 2023. The funding provided agrees with the fiscal note provided by HCA during the 2023 Legislative Session for this bill.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill 1851 relates to the implementation of a sustainable funding model for the services provided through the first approach skills training (FAST) program. The University of Washington (UW) previously evaluated the substitute bill during the 2023 session. Our analysis has not changed and therefore we are submitting substantially the same fiscal note as before.

Under Section 2 of the bill, the UW's Department of Psychiatry and Behavioral Sciences would be responsible for collecting data for the FAST program including the number of providers trained, clinics supported, ongoing consultation training sessions delivered, utilization rates of the FAST website video and materials, and updates on new materials created. The UW already collects this information and therefore assumes no fiscal impacts for the purposes of this fiscal note.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
