Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Subsection 1(3b) requires trade name signs to comply with local authority regulations.

Subsection 1(11d) prohibits a cannabis licensee from advertising, offering for sale, or selling cannabis at less than acquisition cost. This subsection does not apply to any sales made for a product designated for medical cannabis use by qualifying patients as defined in RCW 69.51A.010. This creates a carveout for medical cannabis as cannabis licensees currently cannot sell products below acquisition cost.

The ESB added a floor amendment that makes a number of modifications to advertising requirements, including striking out subsection 12 from the previous bill (which prohibited the LCB from regulating the size of cannabis retail signs) and adding subsection 1(11d).

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact to the agency.
