Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill relates to removing engineering school experience as a minimum requirement to be an electrical inspector, amending RCW 19.28.321, and creating a new section.

The differences between ESB 6089 and SB 6089 include but are not limited to:

• Adding section 2 stipulating that:

o The Department of Labor and Industries (L&I) and the association of Washington cities must work with cities that issue their own electrical permits and perform their own electrical inspections to identify appropriate pathways to qualify as an electrical inspector in this state.

o L&I shall submit a report to the legislature with its findings and recommendations, in accordance with RCW 43.01.036 by December 15, 2024.

o This section expires June 30, 2025.

Section 1 amends RCW 19.28.321 changing the qualification requirements for electrical inspectors by removing engineering school experience as a minimum requirement.

Section 2 adds a new section stipulating that:

• L&I and the association of Washington cities must work with cities that issue their own electrical permits and perform their own electrical inspections to identify appropriate pathways to qualify as an electrical inspector in this state.

• L&I shall submit a report to the legislature with its findings and recommendations, in accordance with RCW 43.01.036 by December 15, 2024.

• This section expires June 30, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 1 has no fiscal impact to the agency as it is just changing qualifications. The requirements of section 2 will be done within existing resources.
