Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 10 requires the Department of Commerce (department) to display information that is currently required to be submitted annually via legislative report, to instead be posted on the department's website and updated annually.

Section 26 removes the requirement for the children of incarcerated parents advisory committee to update the legislature and governor biennially on committee activities.

This bill does not repeal the annual reporting requirement but instead requires the relevant information to be catalogued on the department website rather than submitted via legislative report.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is no impact to the department. The activities stated in 1362 2ES HB are already part of the normal operating procedures within the department.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The bill eliminates, changes the frequency of, and/or provides alternative mechanisms for submitting (generally, by posting the report on an agency's website) several legislatively mandated reports. None of the reports affected by this bill are created or submitted by OFM, though OFM may facilitate the receipt or review of reports completed by other agencies. The changes proposed by this bill can be incorporated into OFM's current practices and resources and therefore, have no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in 2ESHB 1362, 2024 Legislative Session.

This fiscal note addresses only sections 29 and 32-34 of the bill, which impact the Department of Revenue (department).

COMPARISON OF THE SECOND ENGROSSED SUBSTITUTE BILL WITH THE ORIGINAL BILL:

The second engrossed substitute bill renumbers sections and removes the section to eliminate the department's requirement to submit a progress report detailing the department's partnership efforts for business licensing requirements because previous legislation eliminated this reporting requirement.

CURRENT LAW:

The law (RCW 54.16.425) requires the department to compile a report by December 1st each year detailing:

- The amount of payments in lieu of property taxes made by public utility districts (PUDs) on their broadband infrastructure used in providing retail telecommunications service, which is exempt from property tax.
- The amount of property tax due on PUDs' broadband infrastructure used in providing retail telecommunications services if the property was not exempt from property taxation.

The law (RCW 82.14.470(5)) requires the department to compile a report with the list of public improvements undertaken by local governments and financed in whole or in part with hospital benefit zone (HBZ) financing. The report must also include a summary of certain information the law requires local governments using HBZ financing to provide to the department. The department makes the report available to the public and the Legislature by June 1st every year.

The law (RCW 82.32.765(2)) requires the department to compile a report with a summary of the activity for the Local Revitalization Financing program. The department makes the report available to the public and the Legislature by June 1st every year.

The law (RCW 19.02.055) requires the department to compile information about each license that is issued by those state agencies required to fully participate in the implementation of the Business License Center Act. The department submits the report to the governor and the Legislature by January 1st of each year.

PROPOSAL:

This bill eliminates the above current reporting requirements for the department.

EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This legislation results in no revenue impact to taxes administered by the department.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

The department will have minimal cost savings of approximately 200 to 300 labor hours spread out among positions in various divisions from the repeal of the report requirements. However, the repeal of these reports will allow the department to focus these labor hours on higher priority and more complex assignments.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Second engrossed substitute HB 1362 makes modifications to legislatively required reports for state agencies.

The second engrossed substitute version changes the Section number for the Section that impacts the agency.

Sec. 27. Repeals an Office of Privacy and Data Protection (OPDP) requirement to report to the Legislature on the deployment of advanced telecommunications capabilities in the state and existence of any inequality in access to advanced telecommunications infrastructure experienced by residents of tribal lands, rural areas, and economically distressed communities. Broadband is not generally within the OPDP's book of business since broadband moved to the Statewide Broadband Office within the Department of Commerce.

HB 1362:

The bill amends multiple RCWs to eliminate reports requirements for various agencies.

This proposed legislation has no fiscal impact on Consolidated Technology Services (WaTech).

Section 5 eliminates a legislative report requirement for Office of Privacy and Data Protection (OPDP) within WaTech. The report is in regard to the extent to which telecommunications providers in the state are deploying advanced telecommunications capability and existence of any inequality in access to advanced telecommunications infrastructure experienced by residents of tribal lands, rural areas, and economically distressed communities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The elimination of this report requirement has no fiscal impact on WaTech since this report is only required to be submitted once every four years and only to the extent that OPDP can gather and present the information. Currently, OPDP spends minimal time on this particular report.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed legislation has no fiscal impact on the Washington State Patrol (WSP).

The second substitute version of the proposed legislation makes additional changes to reporting requirements that change the section relevant to the WSP but that do not alter our previous assumptions.

Section 8(4) of the current version changes the frequency of the required SAK Tracking System report from semiannual to annual and makes the due date January 31st.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The decrease in report frequency in Section 8(4) is expected to result in a net-zero impact due to an increase in preparation time for the annual report as it will now involve more data. This is expected to offset the time savings associated with the reduction in frequency.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 34 repeals RCW 62A.9A.527 (Duty to Report), this reporting requirement required minimal workload, therefore no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 31 eliminates the requirement of the Department of Health to submit an annual report to the legislative policy and fiscal committees on the financial status of the Biotoxin Account. Preparation of this report takes minimal staff time to update each year, therefore no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1362 2ES HB does not change the fiscal impact to Washington Department of Veterans Affairs (WDVA) compared to the previous version. The bill has no fiscal impact to WDVA.

The latest version of the bill adds sections irrelevant to WDVA and its mission, so the only change relevant to WDVA is previous sections have been renumbered.

Section 24 (was Section 13) deletes a reporting requirement regarding the implementation and status of our LGBTQ Coordinator position.

Section 25 (was Section 14) deletes a reporting requirement which required the WDVA Director to submit an annual report of the department's activities to the governor.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The bill 2ESHB1362: Repeals the requirement for state agencies to submit certain reports to the Legislature and/or Governor.

Modifies the frequency of certain reports from state agencies to the Legislature and/or Governor.

Permits state agencies to place certain information online rather than submit a report to the Legislature.

It amends RCW 28A.180.020, 28A.230.150, 28A.300.476, 28A.300.615, 28A.655.090, 28A.655.260, 43.43.545, 43.63A.510, 43.280.100, 48.43.0128, 61.24.163, 70A.420.050, 72.09.620, 77.135.090, 28A.230.095, 28A.300.530, 28A.305.035, 28A.305.130, 28A.410.210, 28A.320.196, 28B.77.220, 43.21A.150, 43.60A.240, 43.61.040, 43.63A.068, 43.105.369, 47.01.330, 54.16.425, 72.09.765, 77.32.555, 82.14.470, and 82.32.765;

Creating a new section; and repealing RCW 13.32A.045, 19.02.055, 19.280.060, 43.31.980, and 62A.9A-527.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipt impact on the Department of Children, Youth and Families (DCYF)

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This Bill reduces reporting requirements for the DCYF.

Assumption:

The data and information would still be collected as there is a program need for it.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill will improve government efficiency related to reports by state agencies by eliminating reports, changing the frequency of reports, and providing an alternative method for having information publicly available in place of reports.

Section 22 (7) of the bill eliminates Washington Student Achievement Council's requirement to submit a biannual (odd years) progress report on the development of transfer associate degrees to the higher education committees of the House of Representatives and the Senate.

No fiscal impact associated with this removal of this reporting requirement.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of the Second Engrossed Substitute House Bill with the original House Bill: The 2ESHB 1362 renumbers sections of the bill and does not change the fiscal impact for WDFW.

Section 15 changes the reporting interval for the Department of Fish and Wildlife (WDFW) to report the effects of emergency measures taken, from at least every ten days to at least monthly, specifically for the Emergency Proclamation 22-02 - Green Crab Infestation. This reduced frequency of reporting has minimal workload impact and therefore is no fiscal impact.

Section 31 eliminates the annual Biotxin Account reporting requirement for the Department of Health and the University of Washington. Although this bill amends Title 77 RCW, Fish and Wildlife chapters of law, there is no fiscal impact to WDFW

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
