## Part I: Estimates

**No Fiscal Impact**

**Estimated Cash Receipts to:**

NONE

**Estimated Operating Expenditures from:**

NONE

**Estimated Capital Budget Impact:**

NONE

*The cash receipts and expenditure estimates on this page represent the most likely fiscal impact. Factors impacting the precision of these estimates, and alternate ranges (if appropriate), are explained in Part II.*

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note form Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).
- Capital budget impact, complete Part IV.
- Requires new rule making, complete Part V.

Legislative Contact: Sam Brown	Phone: 786-7470	Date: 02/10/2024
Agency Preparation: Kathy Cody	Phone: (360) 480-7237	Date: 02/12/2024

OFM Review: Val Terre	Phone: (360) 280-3973	Date: 02/13/2024

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Changes to the Engrossed Second Substitute bill do not affect the Office of the Governor. The substitute bill contains an emergency clause that will make it effective immediately. Changes made in the substitute bill do not change the Office's previous fiscal note assumptions.

Subject to appropriation, this bill creates a task force to assess current uses and trends to make recommendations to the legislature regarding standards for the use and regulation of generative AI systems. The Attorney General must appoint a member representing the Office of the Governor. The section creating the task force expires on June 30, 2027.

The Governor's Office assumes existing staff can participate in the task force and travel expenses associated with the task force will be minimal and can be absorbed within existing resources.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part III: Expenditure Detail

### III. A - Operating Budget Expenditures

NONE

### III. B - Expenditures by Object Or Purpose

NONE

**III. C - Operating FTE Detail:** *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.*

NONE

### III. D - Expenditures By Program (optional)

NONE

## Part IV: Capital Budget Impact

### IV. A - Capital Budget Expenditures

NONE

### IV. B - Expenditures by Object Or Purpose

NONE

### IV. C - Capital Budget Breakout

*Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.*

NONE

**IV. D - Capital FTE Detail:** *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

## **Part V: New Rule Making Required**

*Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.*

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/15/2024

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

The second substitute SB 5838 established a task force responsible for assessing current uses and trends and also make recommendations to the legislature regarding guidelines and potential legislation for the use of artificial intelligence. Defined the members of the task force including one member from the state auditor. Changed the responsibility from the office of the attorney general as in the prior version to the executive committee to convene subcommittees as needed to advise on recommendations and findings. Directed the task force to first meet within 45 days of final appointments and at least twice each year thereafter. A preliminary report is due by December 31, 2024, an interim report by December 1, 2025, with a final report due by July1, 2026. The dates in the current version have been extended from the previous bill.

As there are no changes in the current version that will affect SAO there is no change to the fiscal impact.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part III: Expenditure Detail

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 1: New section. Legislative findings and purpose. Acknowledges Executive Order 24-01 regarding Artificial Intelligence (AI).

Section 2: New section. Subject to appropriations, task force created to assess uses of AI and make recommendations to legislature for use and regulation of AI. Specifying the composition of the task force, including members appointed by the Attorney General (AG). Outlines meeting administrative details. Requiring the Attorney General's Office (AGO) to administer and staff the task force. Specifies the duties of the task force; requiring first meeting within 45 days of final appointments to task force, and meetings at least twice per year thereafter; requiring preliminary report by December 31, 2024, an interim report by December 1, 2025, and final report by July 1, 2026. Other administrative and task force member reimbursement details specified. Diversity and inclusive representation specified, including application of RCW 43.03.220. Adding definitions. Providing this section expires June 30, 2027.

Section 3: New section. Effective immediately.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None.

Attorney General's Office (AGO) Administrative Division (ADM) activities are funded with General Fund-State (GF-S) dollars. No cash receipt impact. There is no client agency to bill for legal services.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

Attorney General's Office (AGO) Agency Assumptions:

This bill has an emergency clause and is assumed to be effective immediately.

Location of staffing is assumed to be in a King County office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 FTE (MA) is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 Paralegal 1 FTE (PL1) and 0.4 MA.

1. Assumptions for the AGO Administrative Division's (ADM) Legal Services:

During FY 2024, ADM assumes the enactment of this bill will require 0.5 Policy Analyst FTE (PA), along with additional funding for stipends and consultation. ADM assumes costs for the last quarter of FY 2024. During FY 2025 and FY 2026, ADM assumes 2.0 PA, along with additional funding for stipends and consultation with the final report due July 1, 2026. ADM assumes the PA will be required for the appointment of members, outreach and engagement across the state to

ensure inclusive and extensive participation, administration of the taskforce, report research, recommendations research, writing of the reports, and facilitation. During FY 2025 and FY 2026, ADM estimates that stipends will be paid for participation in task force meetings and subcommittee meetings. \$8,000 is assumed for eight subcommittee meetings for approximately eight people each year, and \$128,000 for a consultant for data analysis and advanced legal questions in the realm of artificial intelligence (AI) (assumption is consistent with previous similar work on other task forces).

Total King County workload impact:

FY 2024: \$133,000 for 0.5 PA, which includes direct costs of \$35,200

FY 2025 and FY 2026: \$528,000 for 2.0 PA, which includes direct costs of \$136,000

2. The AGO Civil Rights Division (CRD) has reviewed this bill and determined it will not increase or decrease the division’s workload in representing the Human Rights Commission (HUM). The enactment of this bill will not impact the provision of legal services to HUM because the bill imposes no new requirements on HUM. Also, the enactment of this bill will not impact CRD’s provision of legal services because the bill assigns no required civil rights enforcement duties to the AGO. Therefore, no costs are included in this request.

3. The AGO Solicitor General Office Division (SGO) has reviewed this bill and determined it will not increase or decrease the division’s workload. Therefore, no costs are included in this request.

4. The AGO Government Compliance & Enforcement Division (GCE) has reviewed this bill and determined it will not increase or decrease the division’s workload. GCE provides legal advice to the Office of the State Auditor (SAO). This bill would establish a task force to report on identified issues related to the use of AI systems in state and local government and the private sector and its membership would include one member representing the SAO. Enactment of this bill will not generate or impact the provision of legal services to SAO because the issues the task force will address are general policy issues that are not related to any specific authorities or activities of the SAO.

5. The AGO Information Services Division (ISD) has reviewed this bill and determined it will not increase or decrease the division’s workload. Therefore, no costs are included in this request.

6. The AGO Revenue and Finance Division (REV) has reviewed this bill and determined it will not increase or decrease the division’s workload. The enactment of this bill will not impact the provision of legal services to the Department of Revenue (DOR) because that agency is not impacted by this bill. Additionally, this bill does not appear to require work from any of REV’s clients. If REV is asked to participate in the taskforce, costs will be minimal. Such participation is unlikely under this bill. Therefore, costs are not included in this request.

7. The AGO Transportation and Public Construction (TPC) has reviewed this bill and determined it will not increase or decrease the division’s workload in representing Washington Technology Solutions (WaTech). The enactment of this bill will not impact the provision of legal services to WaTech because the agency’s role in Section 2 is limited to appointing one member to a task force to assess AI systems. It is expected that little or no legal services will be provided to WaTech under this bill. Therefore, no costs are included in this request.

8. The AGO Ethics Division (ETH) has reviewed this bill and determined it will not increase or decrease the workload of the Executive Ethics Board (EEB). Enactment of this bill will not impact the work of the EEB as it does not pertain to the Ethics in Public Service Act (EBSA) or any duties of EEB. Therefore, no costs are included in this request.

**Part III: Expenditure Detail**

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Differences between E2S SB 5838 and the 2S SB 5838 bill:

Section 2(2)(ix) changed from one member representing law enforcement to one member representing public safety.

Section 2(3) removes consultation with the office of the chief information officer for administering and providing staff support for the task force.

There are no impacts to the Department of Commerce associated with these changes.

Summary of E2S SB 5838:

Section 2(1) establishes a task force responsible for assessing current uses and trends and also make recommendations to the legislature regarding standards for use and regulation of artificial intelligence.

Section 2(2) defines the members of the task force.

Section 2(2)(e) defines the members of the subcommittees the executive committee convenes to advise the task force.

Section 2(5) the task force must hold its first meeting within 45 days of final appointments to task force and meet at least twice a year thereafter. The task force must submit preliminary report by December 31, 2024, an interim report by December 1, 2025, and the final report by July 1, 2026.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

With regard to section 2, if a member of the department were to serve on a subcommittee, the department assumes two hours per meeting, with a total of 6 hours for 3 meetings. The staffing costs would amount to less than \$3,000 annually and could be absorbed within existing workloads and appropriation levels.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

The engrossed second substitute modifies the intent language by adding a reference to Governor Inslee's Generative Artificial Intelligence Executive Order 24-1 issued on January 30, 2024, and the task force membership appointments by specifying the task force include a member representing public safety rather than law enforcement. It also removes the requirement for the office of the attorney general to consult with the office of the chief information officer on the staffing and administration of the task force and modifies reporting deadlines.

Sec. 1. Adds reference to Governor Inslee's Generative Artificial Intelligence Executive Order 24-1 issued on January 30, 2024.

Sec. 2. Specifies task force membership include a member representing public safety rather than law enforcement.

Removes the requirement for the office of the attorney general to consult with the office of the chief information officer on the staffing and administration of the task force and modifies reporting deadlines.

5838 2SSB:

The second substitute bill modifies the artificial intelligence task force membership structure by establishing a 13-member, rather than 9-member, executive committee. It expands the authority of the executive committee, rather than the attorney general, to include convening subcommittees. It also requires the office of the attorney general to consult with the office of the chief information officer on the staffing and administration of the task force and modifies reporting deadlines.

Sec. 2. Specifies the attorney general shall only appoint members with experience in technology policy.

Expands executive committee membership of the task force from 9 to 13 specified members.

Expands the authority of the task force to include convening subcommittees and defining the scope of the activity and subject matter focus required of the subcommittees.

Requires the attorney general to consult with the office of the chief information officer on the staffing and administration of the task force.

Changes the interim report deadline from July 1, 2025, to December 1, 2025.

Changes the final report deadline from November 1, 2025, to July 1, 2026.

The substitute bill, SSB 5838, modifies the artificial intelligence task force membership structure by establishing a 9-member executive committee and authorizing the attorney general to convene subcommittees to advise the task force. It requires the task force to examine artificial intelligence rather than generative artificial intelligence and modifies meeting and reporting requirements.

Sec. 1. Provides legislative findings.

Sec. 2. Specifies task force membership requirements, including a 9-member executive committee and subcommittee. Requires the office of the attorney general to provide staff support for the task force. Requires the executive committee of the task force to examine the development and use of artificial intelligence by private and public sector entities and make recommendations to the legislature regarding standards for the use and regulation of artificial intelligence systems to protect Washingtonians' safety, privacy, and civil and intellectual property rights. Requires the executive committee of the task force to hold its first meeting within 45 days of final appointments to the task force. Requires a preliminary report to be delivered by December 31, 2024, an interim report by July 1, 2025, and a final report by November 1, 2025.

Sec. 3. Declares the act take effect immediately.

## II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None.

## II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

5838 E2SSB:

The engrossed second substitute modifies the intent language by adding a reference to Governor Inslee's Generative Artificial Intelligence Executive Order 24-1. It also removes the requirement for the office of the attorney general to consult with the office of the chief information officer (OCIO) on the staffing and administration of the task force and modifies reporting deadlines.

The bill removes the requirement for WaTech/OCIO to provide support and coordination with the Attorney General's Office. A Management Analyst 5 is not required.

It is assumed that WaTech will provide subject matter expertise on privacy issues to subcommittees and may be engaged in subcommittee and task force work which may include drafting information for the reports as required in the bill. It is assumed WaTech can absorb the costs for this proposed bill in its base budget if the workload of other enacted legislation does not exceed current staffing levels.

5838 2SSB:

The second substitute bill will have workload impact on WaTech.

WaTech assumes that if subcommittees are convened for consumer protection and privacy or state security and cyber security under Section 2(e)(i), the Office of Privacy and Data Protection (OPDP) and the Office of Cybersecurity (OCS) will be appointed to the subcommittees. It is assumed WaTech can absorb the costs for this requirement in its base budget if the workload of other enacted legislation does not exceed current staffing levels.

Section 2(3) also requires WaTech (along with the Attorney General Office (AGO)) to provide administrative support to the task force. Given the amount of work and coordination that will be required by the bill with WaTech engagement and support, there will be significant operational impact to the governance team. This will require a Management Analyst 5 (1.0 FTE) to provide the support and coordination with the Attorney General's Office and among WaTech teams including OPDP, OCS, and Architecture & Innovation Division (AID). Annual expenses are \$219,000 for salaries, benefits, training, and agency support.

WaTech assumes that any reimbursements for committee members (if any) and consultant costs will be the responsibility of AGO.

5838 SSB:

The bill will have impacts on WaTech. Section 2 (2) (c) (iii) requires a WaTech representative to join the taskforce. It is also anticipated that the Office of Privacy and Data Protection (OPDP) will provide subject matter expertise on privacy issues to subcommittees and may be engaged in subcommittee and task force work which may include drafting information for the reports as required in the bill.

There is no fiscal impact to WaTech. It is assumed WaTech can absorb the costs for this proposed bill in its base budget if the workload of other enacted legislation does not exceed current staffing levels.

### **Part III: Expenditure Detail**

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill has no fiscal impact on the Criminal Justice Training Commission.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

This bill has no cash receipt impact.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

This bill has no expenditure impact.
