## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This version of House Bill 1889 revises Chapter 19.230 RCW, the Uniform Money Services Act (UMSA). Sections 8 and 9 remove the requirement that proposed "responsible individual(s)" must provide documentation of their citizenship or authorization to work in the United States as part of a money transmitter or currency exchanger application; and instead adds language to clarify that the proposed responsible individual must reside in the United States.

Statutorily, the "responsible individual" is an employee of the money transmitter or currency exchanger licensee or license applicant. A "responsible individual" has managerial authority of the licensee's business or the license applicant's proposed business in Washington State. The Department of Financial Institutions (DFI) does not anticipate a large number of licensees would seek to do business in Washington State as a result of this legislation. The costs of this legislation will be absorbed.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## **Part V: New Rule Making Required**

*Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.*

This legislation would require DFI to repeal WAC 208-690-014(2)(b). The Department expects to absorb rulemaking costs.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

House Bill 1889 amends various state RCW to bar state agencies and regulatory authorities from denying certification and licensing to someone solely based on their immigration or citizenship status.

The Board of Registration for Professional Engineers & Land Surveyors (BORPELS) does not consider immigration or citizenship status when screening licensing applications. Therefore, this legislation will have no material impact on the agency's operations and finances.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. These changes do not have any fiscal impact on the Criminal Justice Training Commission.

Appropriated funds may also be used to hire agency temporary staff to support permanent staff assigned to this legislative effort.

Any change requires a process to ensure changes are correctly applied to the system. This involves Project Managers that manage the team that completes the update, business analyst that documents and reviews the system changes, architect services that analyzes how the update could have an effect on other systems or DOL processes, developers who create the change, and testers and quality assurance teams that ensure the update is working correctly.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

The fiscal impact has not changed from the previous fiscal note on House Bill 1889. The substitute creates a new chapter in Title 18 RCW in lieu of amending RCW 18.118 (Regulation of business professions). The new chapter exempts interstate compacts from its application, adds new language to clarify that the new chapter also applies to disciplinary authorities, and adds an effective date of July 1, 2024.

This bill amends RCW 18.130 (Regulation of health professions—Uniform disciplinary act) to state that an individual who is not lawfully present in the United States is eligible for a license as allowed under Title 8 U.S.C. Sec. 1621. Disciplining authorities shall not deny a license solely on the basis of a person's immigration or citizenship status if the person has met all other qualifications for a license.

This bill does not require the Department of Health (department) to adopt rules or perform additional work as the department's licensing system is already set up to accommodate the desired outcome of the bill. Therefore, the department assumes no fiscal impact.

### II. B - Cash receipts Impact

Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

SHB 1889 as compared to HB 1889

Section 3 was previously section 2. Section 3 of SHB 1889 does not include any revisions, as compared to section 2 of HB 1889.

Section 4 was previously section 3. Section 4 of SHB 1889 does not include any revisions, as compared to section 3 of HB 1889.

Summary of SHB 1889

Section 3 (New Section)

- Adds a new section to chapter 28A.410 RCW.
- Allows for an individual who is not lawfully present in the United States to be eligible for a permit or certificate as allowed under Title 8 U.S.C. Sec. 1621.
- Informs that the Professional Educator Standards Board (PESB) and the Superintendent of Public Instruction (OSPI) may not deny an application solely on the basis of a person's immigration or citizen status if the person met all other qualifications.

Section 4 (New Section)

- Adds a new section to 28A.413 RCW.
- Informs that the Paraeducator Board may not deny an application solely on the basis of a person's immigration or citizen status if the person met all other qualifications.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

No significant increase to cash receipts anticipated. Historically, it has not been a requirement that an applicant prove their immigration or citizenship status. OSPI assumes there may be a slight increase in certifications issued based on awareness but does not anticipate this to result in a substantial increase to cash receipts.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

OSPI Expenditure Impact:

Section 2 requires OSPI to award professional certifications and licenses to qualified applicants, regardless of a person's immigration or citizenship status.

No fiscal impact. Historically, it has not been a requirement that an applicant prove their immigration or citizenship status. OSPI assumes there may be a slight increase in certifications issued based on awareness but does not anticipate this to result in a significant increase in work.

PESB Expenditure Impact:

Section 2 and 3 requires PESB and the Paraeducator Board to award professional certifications and licenses to qualified applicants, regardless of a person's immigration or citizenship status.

PESB and the Paraeducator Board do not consider an applicant's immigration status when awarding a professional

certification and do not currently have any standing rules against awarding qualified applicants without US citizenship a professional certification. PESB and the Paraeducator Board do not expect a large increase in certifications issued, resulting in material impact on the agency.
