Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Amended 2nd Substitute House Bill 2320 seeks to reduce public health harms associated with high TCH cannabis products.

This version of the bill does not contain language relevant to the Governor's Office of Indian Affairs (GOIA), therefore no fiscal impact is expected.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Title: High THC Cannabis Products

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill enacts evidence-based public policy solutions to address the public health harms associated with high THC products.

As compared to the second substitute bill, this amendment includes:

- Legislative intent regarding funding to be provided to the Department of Health (DOH) to allow DOH to issue requests for proposals and contract for targeted public health messages and social marketing campaigns directed toward individuals most likely to suffer negative impacts of high THC products.
- Provides that the University of Washington Addictions, Drug, and Alcohol Institute (UW ADAI), rather than the Health Care Authority (HCA), develop guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption seeking care in certain settings, gather data, and report back to the Legislature.

New Section 5 is added to RCW 28B.20 (University of Washington), subject to amounts appropriated for this specific purpose, the UW ADAI must:

1. Develop, implement, test, and evaluate guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption who are seeking care in emergency departments, primary care settings, behavioral health settings, other health care facilities, and for use by state poison control and recovery hotlines to promote cannabis use reduction and cessation for at risk youth and adult populations.
2. Submit a preliminary report to the Legislature by December 1, 2025, a progress report on initial outcomes by July 1, 2027, and a final report by December 1, 2028. The provisions related to the HCA sunset on December 31, 2028.
3. Data gathering on adverse health impacts occurring in Washington associated with consumption of high THC cannabis, and data gathered must be included in the reports submitted to the legislature under this section.
4. This section expires December 31, 2028.

New Section 6 adds a null and void clause if specific funding for the purposes of this act is not provided by June 30, 2024, in the omnibus appropriations act.

II. B - Cash Receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C – Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

No Fiscal Impact

The requirements of this amendment direct UW ADAI, rather than HCA, develop guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption seeking care in certain settings. HCA's estimated cost to meet the RFP and contract requirements in the previous version of this bill are removed.
