5660 2S SB does not change the fiscal impact to Washington Department of Veterans Affairs (WDVA) compared to previous version. The bill has no fiscal impact to WDVA.

The only change in the latest version of the bill is the addition of the Washington council for behavioral health as a work group representative.

Sec 1 requires WDVA to participate as a member in a state level work group led by the Health Care Authority with a reporting requirement due December 1, 2025. WDVA has staff with the necessary knowledge and experience to support this requirement who regularly participate in work groups as part of their assigned duties. The agency can absorb the additional requirements within existing resources.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

Added "the Washington council for behavioral health" to the list of groups that must be represented in the work group.

SUMMARY OF CURRENT BILL:

Overview: Directs the Health Care Authority to convene a work group to make recommendations concerning a mental health advance directive (MHAD) statewide repository, and to develop trainings related to MHADs.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

CHANGES IN EXPENDITURE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

There were no changes made between versions that would change the expenditure impact of the bill.

EXPENDITURE IMPACTS OF CURRENT BILL:

This legislation would have an indeterminate expenditure impact on local governments. There is no reliable way to project the cost of local government or public hospital employees participating in the work group because the legislation does not specify having to include a city, county, or public hospital employees. Any member of the work group could be a private or public employee. The legislation also does not specify a variety of critical pieces of information needed to project expenditure costs:

- Number of representatives which will be appointed to the work group
- If one representative can fulfill multiple of required diversity groups
- Number of meetings
- Location of meetings (In-person or virtual)

The Washington state health care authority (HCA) estimates the work group would hold between 8 to 11 meetings total. If the work group was to get the report in on time, the HCA expects the main work group to hold 4 to 5 meetings while the sub-work groups would hold 2 to 3 meetings. Additionally, the HCA reports that the work group meetings would most likely be held virtually. However, the lack of salary information for potential representatives combined with not knowing how many of the representatives will be public hospital or local government employees makes the cost of participating in the work group indeterminate.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

CHANGES IN REVENUE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

There were no changes made between versions that would change the revenue impact of the bill.

REVENUE IMPACTS OF CURRENT BILL:

This bill would not impact local government revenues.
