## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Changes in 2320-S2 AMS LC S5137.1 do not affect the Office of the Governor and do not change previous fiscal note assumptions.

Second Substitute HB 2320 adds a null and void clause if specific funding is not provided by June 30, 2024. This does not change previous fiscal note assumptions.

Substitute HB 2320 removes Section 6 of the original bill which impacted the Governor's Office and therefore the substitute has no fiscal impact.

HB2320 enacts evidence-based public policy solutions to address the public health harms associated with high THC products.

Per Section 6 the governor may seek government-to-government consultations with federally recognized Indian tribes regarding raising the minimum legal age of sale of cannabis products identified in RCW 69.50.357(1)(c), in compacts entered into under RCW 43.06.490. The office of the governor shall report to the appropriate committees of the legislature regarding the status of such consultations by December 1, 2025.

The Governor delegated authority to the Washington State Liquor and Cannabis Board for cannabis compacts with the tribes and assume they would implement the requirements in section 6. Based on those consultations, the Office of the Governor would provide a status report to the legislature. The Office estimates this work can be accomplished within current resources and therefore doesn't have a fiscal impact.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. ### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Amended 2nd Substitute House Bill 2320 seeks to reduce public health harms associated with high TCH cannabis products.

This version of the bill does not contain language relevant to the Governor's Office of Indian Affairs (GOIA), therefore no fiscal impact is expected.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Title: High THC Cannabis Products

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill enacts evidence-based public policy solutions to address the public health harms associated with high THC products.

As compared to the second substitute bill, this amendment includes:

- Legislative intent regarding funding to be provided to the Department of Health (DOH) to allow DOH to issue requests for proposals and contract for targeted public health messages and social marketing campaigns directed toward individuals most likely to suffer negative impacts of high THC products.
- Provides that the University of Washington Addictions, Drug, and Alcohol Institute (UW ADAI), rather than the Health Care Authority (HCA), develop guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption seeking care in certain settings, gather data, and report back to the Legislature.

\*\*\*\*\*

New Section 5 is added to RCW 28B.20 (University of Washington), subject to amounts appropriated for this specific purpose, the UW ADAI must:

1. Develop, implement, test, and evaluate guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption who are seeking care in emergency departments, primary care settings, behavioral health settings, other health care facilities, and for use by state poison control and recovery hotlines to promote cannabis use reduction and cessation for at risk youth and adult populations.
2. Submit a preliminary report to the Legislature by December 1, 2025, a progress report on initial outcomes by July 1, 2027, and a final report by December 1, 2028. The provisions related to the HCA sunset on December 31, 2028.
3. Data gathering on adverse health impacts occurring in Washington associated with consumption of high THC cannabis, and data gathered must be included in the reports submitted to the legislature under this section.
4. This section expires December 31, 2028.

New Section 6 adds a null and void clause if specific funding for the purposes of this act is not provided by June 30, 2024, in the omnibus appropriations act.

### II. B - Cash Receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.*

## II. C – Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.*

### No Fiscal Impact

The requirements of this amendment direct UW ADAI, rather than HCA, develop guidance and health interventions for health care providers and patients at risk for developing serious complications due to cannabis consumption seeking care in certain settings. HCA's estimated cost to meet the RFP and contract requirements in the previous version of this bill are removed.
