Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

See attached.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

See attached.

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

SB 6133 H-3312.1

CONCERNING THE SAFETY AND SECURITY OF RETAIL CANNABIS OUTLETS

**101 – Caseload Forecast Council
February 21, 2024**

SUMMARY

A brief description of what the measure does that has fiscal impact.

- Section 1 Adds a new section to chapter 69.50 RCW, requiring retail outlets to report any attempt or incident of Robbery in the First or Second Degree at the retail outlet.
- Section 2 Amends RCW 9.94A.832 by expanding the special allegation for Robbery in the First or Second Degree of a Pharmacy to include Robbery in the First or Second Degree of a Cannabis retail outlet in a specified manner, resulting in a 12-month sentencing enhancement.
- Section 3 Amends RCW 9.94A.533(14) to include a 12-month sentence enhancement to the standard range for violations of the special allegation established in Section 2.

EXPENDITURES

Assumptions.

None.

Impact on the Caseload Forecast Council.

The provisions of this bill will require modifications to the Caseload Forecast Council's adult felony sentencing database. This will require work from a contractor of an estimated 10 hours at a rate of \$125 per hour for a total cost to the Caseload Forecast Council of \$1,250.

Impacts on beds and supervision.

This bill:

- Expands the scope of an existing 12-month sentence enhancement.

The Caseload Forecast Council has no information regarding how many sentences for Robbery in the First Degree and Robbery in the Second Degree concern robbery of a Cannabis retail outlet by use of a vehicle, and, therefore, cannot predict how often the expanded sentence enhancement will be imposed. As such, the Caseload Forecast Council cannot reliably predict jail and prison bed impacts resulting from the bill.

Prison and Jail Bed Impacts

However, as all non-exceptional sentences for Robbery in the First Degree are prison sentences, the additional 12-month enhancement time added to sentence will impact prison beds only. Further, non-exceptional sentences for Robbery in the Second Degree can be either presumptive

prison or jail sentences, based on the individual's prior history. The addition of the enhancement to jail sentences will shift those sentences from jail to prison and it will increase the length of sentences that would have been to prison without the enhancement. As such, there is the potential for some jail bed savings and an increased need for prison beds.

Juvenile Rehabilitation Bed Impacts

In addition, there may also be an increased need for Juvenile Rehabilitation (JR) beds. Current statutes require individuals sentenced in adult court for an offense committed before the age of 18 to serve to their confinement at a JR facility until age 25, or until release if occurring prior to age 25. As a result, any adult conviction for Robbery in the First or Second Degree that includes a finding for the new enhancement and was committed by someone under the age of 18, would increase the need for JR beds. However, as less than 1% of all sentences in the adult system are committed by those less than age 18, it assumed any impacts to JR would be minimal.

Adult Data

The following is provided as background information. In Fiscal Year 2023, there were a total of 441 sentences for Robbery in the First Degree and Robbery in the Second Degree (these are total sentences and not just sentences where Robbery in the First degree or Robbery in the Second Degree is the most serious offense on the judgment and sentence form.) Of these, the pharmacy enhancement was never included in the sentence.

OFM Review: Val Terre	Phone: (360) 280-3073	Date: 02/23/2024

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1(1): Each retail outlet must report any attempt or incident of robbery in the first or second degree at the retail outlet to the board within 10 days of the attempt or incident.

Section 1(2): The board's chief enforcement officer must regularly consult with the Washington state patrol to provide details of attempts or incidents of robbery in the first or second degree of a retail outlet and to discuss any evidence that indicates a pattern of, or coordinated effort by, a criminal enterprise.

Section 2(2) adds a special allegation category of using a vehicle to damage or gain access to the retail outlet.

CHANGES MADE BY THE STRIKING AMENDMENT TO THE UNDERLYING SB:

Section 2(3) Removes language establishing a special allegation for robbery in the first or second degree where the perpetrator commits a robbery of a licensed cannabis retail outlet in concert with another individual or individuals.

Section 3(14b) (NEW): Makes discretionary the 12-month sentencing enhancement for the special allegation for robbery in the first or second degree of a licensed cannabis retail outlet.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ENFORCEMENT DIVISION:

The bill would require the division to have a subject matter expert (LEO2) involved in the process who has law enforcement experience/background to review and analyze the information for "patterns." This would require enforcement officials to gain further details of the incident and conducting premises checks to review the information/incidents.

The workload impact of this is expected to be 0.5 FTE LCB Enforcement Officer 2 (LEO2) per year ongoing. Please see the attached "6133 SB 6133 AMH CSJR H3312.1 Cannabis retail robberies - Enforcement Field Increment Calculator.pdf" for the workload calculations.

0.5 FTE LCB Enforcement Officer 2 - \$67,098/yr (\$59,168 salary/benefits, \$7,930 in associated costs). Onetime costs in FY25 of \$26,395 for equipment purchases.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This version of the legislation removes the special allegation if a defendant committed a robbery of a licensed cannabis retail outlet in concert with another individual or individuals. It also amends RCW 9.94A.533 to allow for a 12-month sentencing enhancement for the special allegation for robbery in the first or second degree of a licensed cannabis retail outlet.

These changes do not change our assumptions stated in our prior fiscal note.

The proposed legislation is expected to have an indeterminate fiscal impact to the Washington State Patrol (WSP).

New Section 1(1) requires a licensed cannabis retail outlet to report any attempt or incident of robbery in the first or second degree at the retail outlet to the Washington State Liquor and Cannabis Board (LCB) within 10 days of the attempt or incident.

New Section 1(2) requires the LCB's chief enforcement officer to regularly consult with the WSP to provide details of attempts or incidents of robbery in the first or second degree of licensed cannabis retail outlets and to discuss any evidence that indicates a pattern of, or coordinated effort by, a criminal enterprise.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The proposed legislation requires the LCB's chief enforcement officer to regularly consult with the WSP regarding both attempted and successful incidents of robbery in the first or second degree of licensed cannabis retail outlets. We are currently unable to estimate the potential fiscal impact of this as it is not yet known what frequency or level of involvement will be needed for the WSP to satisfy this requirement.

Part III: Expenditure Detail

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

ESSB 6133 compared to SB 6133

Removes language establishing a special allegation for robbery in the first or second degree where the perpetrator commits a robbery of licensed cannabis retail outlet in concert with another individual or individuals. The 12-month sentencing enhancement for the special allegation for robbery in the first or second degree of a licensed cannabis retail outlet is made discretionary.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The changes proposed in this bill will not have a fiscal impact on the Department of Children, Youth, and Families.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Senate Bill 6133 AMH CSJR H3312.1 is an act that addresses the topic of notification within ten days from retail outlets reporting attempts or incidents of robbery in the first or second degree and imposes standard sentencing ranges determined by RCW 9.94A.510 or 9.94A.517.

Sections that have been added or changed since the previous version:

Section 2(3) removes that the individual commits the robbery in concert with one or more other persons.

Section 3(14)(b) states that an additional 12 months may be added to the standard sentencing range for an offense that is also a violation of RCW 9.94A.832(2).

The following impact from Senate Bill 6133 remains unchanged with the newest version, 6133 SB AMH CSJR H3312.1:

Section 1(1) adds a new section to chapter 69.50 RCW, requiring retail outlets to report any attempt or incident of robbery in the First or Second Degree at the retail outlet within 10 days of the attempted robbery or incident.

Section 2 amends RCW 9.94A.832 by expanding the special allegation for Robbery in the First or Second Degree of a Pharmacy to include Robbery in the First or Second Degree of a Cannabis retail outlet in a specified manner.

Section 2(2) The specific manner is outlined as the cannabis retail outlet is licensed according to state law, and an individual used a vehicle to damage or gain access to the retail outlet.

The effective date is assumed to be 90 days after the adjournment of the session in which this bill is passed.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None. All impacts are General Fund-State.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The fiscal impact of this bill is indeterminate, assumed to be less than \$50,000 per Fiscal Year (FY). This bill:

- Expands the scope of an existing 12-month sentence enhancement.

The Caseload Forecast Council has no information regarding how many sentences for Robbery in the First Degree and Robbery in the Second Degree concern robbery of a Cannabis retail outlet by use of a vehicle, and, therefore, cannot predict how often the expanded sentence enhancement will be imposed. As such, the Caseload Forecast Council cannot reliably predict jail and prison bed impacts resulting from the bill.

However, as all non-exceptional sentences for Robbery in the First Degree are prison sentences, the additional 12-month

enhancement time added to the sentence will impact prison beds only. Further, non-exceptional sentences for Robbery in the Second Degree can be either presumptive prison or jail sentences based on the individual's prior history. The addition of the enhancement to jail sentences will shift those sentences from jail to prison and it will increase the length of sentences that would have been to prison without the enhancement. As such, there is the potential for some jail bed savings and an increased need for prison beds.

The following is provided as background information. In Fiscal Year 2023, there were a total of 441 sentences for Robbery in the First Degree and Robbery in the Second Degree (these are total sentences and not just sentences where Robbery in the First Degree or Robbery in the Second Degree is the most serious offense on the judgment and sentence form.) Of these, the pharmacy enhancement was never included in the sentence.

The estimated ADP impact to DOC prison facilities/institutions and/or community supervision/violator caseloads is based on projections from CFC.

We assume a Direct Variable Cost (DVC) of \$7,630 per incarcerated individual per FY to facilitate cost discussions during legislative session for bills. This cost estimate includes prison and health services' direct variable costs. It does not include staffing or dollars necessary for staffing needed at the facility outside of the living/housing units. The DVC is calculated by DOC and reviewed and approved with the Office of Financial Management, Senate, and House staff each legislative session.

We assume additional impacts will result when ADP caseload changes in either prison or community, and resources will be necessary. The DOC will "true up" our fiscal impact in subsequent budget submittals should the legislation be enacted into session law.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. C - Operating FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.*

NONE

III. D - Expenditures By Program (optional)

NONE

Part IV: Capital Budget Impact

IV. A - Capital Budget Expenditures

NONE

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

None.

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.
