Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact. This legislation will not measurably increase or decrease the appeal workload for the Office of Administrative Hearings.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NA

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill relates to addressing the burden of unintentional overpayments on older adults and adults with disabilities served by the Department of Social and Health Services (DSHS).

Section 1 amends RCW 43.20B.030 to permit the department to waive all efforts to collect overpayments of the Aged, Blind, or Disabled (ABD) assistance program, and of functionally disabled clients receiving services and supports under chapters 74.39, 74.39A, and 71A.12 RCW. The department would need to adopt rules establishing the circumstances for waiving efforts at collection.

Section 2 deems this act necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and provides an effective date of July 1, 2025.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

This bill permits the department to waive all efforts to collect overpayments of the ABD assistance program.

Assuming an implementation date of July 1, 2025, the DSHS Economic Services Administration (ESA) estimates fiscal impact of \$154,000 and (0.1) FTE in fiscal year (FY) 2026 and beyond:

- Savings of (\$33,000) associated with the discontinuation of translation services and mailings to notify clients of unintentional overpayments. This estimate assumes savings of \$208.40 to translate each letter and produce a mailing attachment, for an average of 10 monthly letters, and savings of \$8.73 for an average of 73 total monthly mailings.
- Savings of (\$4,000) and (0.1) FTE associated with a reduction in administrative efforts related to program staff generating overpayment letters for distribution to clients. This estimate assumes five minutes of work will be reduced in each instance program staff will no longer be required to generate overpayment letters, for an average of 73 monthly cases.
- Costs of \$191,000 associated with the loss of overpayment recovery dollars. This estimate assumes just over 21 percent of \$75,206 in monthly recoveries (based on average recovery of unintentional overpayments in calendar year 2023), or \$15,900 per month, will no longer be recovered.

This bill also eliminates the requirement for the department to recoup unintentional overpayment recovery in federally-funded and state-funded programs provided by the DSHS Aging and Long-Term Support (AL TSA) and Developmental Disabilities (DDA) Administrations. However, both administrations would still be required to establish the overpayment per federal Medicaid regulations and return the federal portion to the Centers for Medicare & Medicaid Services (CMS). AL TSA and DDA estimate no changes in workload or practice for staff, and that costs to be immaterial and able to be absorbed within existing resources.
