## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Under current law, Washington State Department of Agriculture (WSDA) audits and accredits cannabis laboratories to the standards set forth in WAC 16-309. The WSDA notifies the accreditation status of each laboratory to the Washington State Liquor and Cannabis Board (LCB)

The proposed legislation would clarify that the sole basis for the LCB determining their “certification status” of a lab, would be the accreditation status provided by the WSDA. This would require no changes by the WSDA, as currently, we accredit the labs and notify LCB of the status.

WSDA does not have any fiscal impact from the proposed legislation.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*
