Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 adds a new section to chapter 70.54 RCW that states that it is the policy of the state that public health responses to address communicable diseases be guided by the best available science on the safety and efficacy of evidence-based measures.

Section 2 declares the act is necessary for the immediate preservation of public peace, health, and safety or support of the state government and takes immediate effect. This bill would not require any work from the Department of Health (DOH) but would preserve DOH's ability to respond to communicable disease spread by utilizing evidence based, appropriate measures.

No fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
