Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1. The Attorney General's Office (AGO) Criminal Justice Division (CRJ) has reviewed this bill and determined it will not increase or decrease the division's workload in representing Washington State Patrol (WSP). Therefore, no costs are included in this request.
2. The AGO Government Compliance & Enforcement Division (GCE) has reviewed this bill and determined it will not increase or decrease the division's workload in representing WSP. GCE provides program-specific advice and litigation support for the WSP. HB 1132 would prohibit bulk delivery of firearms or ammunition. Dealers would be prohibited from delivering more than one firearm or more than a specified number of rounds of ammunition to a purchaser or transferee within a 30-day period. The bill would exempt certain specifically identified recipients, including general authority law enforcement agencies and peace officers. Although GCE provides advice and litigation support to WSP for specific programs, none of those programs would be implicated by the provisions of this bill. Therefore, no costs are included in this request.
3. The AGO Licensing & Administrative Law Division (LAL) has reviewed this bill and determined it will not increase or decrease the division's workload in representing the Department of Licensing (DOL). This bill does not impose any new responsibilities on DOL, and DOL does not inspect or regulate these sales or records. Therefore, no costs are included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation does not have a fiscal impact to the Washington State Patrol (WSP).

This version changes the amended RCW in section 1 from 7.80.120 to 9.41.110.

The proposed legislation would limit bulk purchases and transfers of firearms and ammunition.

Section 1(16) states no dealer may deliver firearms or ammunition in excess of the limits established in section 2 of this act.

New Section 2 adds language to RCW 9.41, regarding purchases of multiple firearms and ammunition within a 30-day period.

New Section 2(3) states that compliance with this section is a condition of dealer licensure and a violation is punishable by forfeiture of the dealer's license.

New Section 3 states if any provision of this act is held invalid, the remainder of the act is not affected.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Distinguished between one time and ongoing functions.

There is no cash receipt impact to WSP.
