Request # 212-1

Bill # 1063 S HB

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This substitute bill modifies multiple definitions; bars earned wage access (EWA) providers from charging subscription or membership fee to access such services; decreases the transaction fee cap to \$5; precludes providers from making tipping automated or default option for transactions and from setting minimum tip amount; authorizes Department of Financial Institutions (DFI) to suspend license of individual licensees who are violating child support orders; permits DFI to impose fees to cover cost of program; and clarifies bill's definition of "employer" includes local, state, and federal government entities.

The substitute would not make any changes affecting the fiscal impact to the Administrative Office of the Courts or the courts.

II. B - Cash Receipts Impact

None

II. C - Expenditures

No or minimal fiscal impact to the Administrative Office of the Courts.

OFM Review: Megan Tudor	Phone: (360) 890-1722	Date: 02/25/2025

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill creates a new chapter titled the Earned Wage Access Services Act, which creates and establishes a new program in the Department of Financial Institutions (DFI) to regulate earned wage access products and services. Earned wage access (EWA) products allow employees to receive advance proceeds based on a consumer's earned but unpaid income. The bill states that any person offering EWA services must be licensed beginning July 1, 2026. Sections 3-5 set forth the general licensing application requirements and process. Section 9 states business practices that licensees must comply with, including certain disclosure requirements. Section 10 adds a fee limit of up to \$7 for any fee for delivery or expedited delivery of an EWA services transaction. Licensees are also subject to DFI's examination and enforcement authority, which are similar to the requirements set forth in the Consumer Loan Act, chapter 31.04 RCW.

This legislation is a substitute version of House Bill 1063. The amendments made to the original legislation in this version did not change the fiscal impact for the Department of Financial Institutions. This fiscal note is identical to the fiscal note prepared for the original House Bill 1063.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

DFI estimates that approximately 28 companies will be subject to licensing under the proposed legislation. The fees anticipated in the bill will be set by rule and DFI will set appropriate fee structures to cover costs.

DFI expects to set the initial licensing fee for Earned Wage Access service providers at \$1,500. The agency expects to collect about \$42,000 (\$1,500 x 28) in initial licensing fees during FY26 from the estimated 28 companies. DFI expects additional companies to start conducting EWA activities and requiring licensure, resulting in collection of about \$3,000 (\$1,500 x 2) in FY27 and ongoing.

Licensees under the proposed legislation will pay an annual assessment fee based on their volume of business the previous year. The first annual assessment fees will be due in FY27 for business conducted in calendar year 2026. DFI estimates the following revenue under the assumption that licensees will handle an average of \$22,250,000 a year in funds. In a report published July 18, 2024, the Consumer Financial Protection Bureau estimates that the number of earned wage access transactions grew by over 90% from 2021 to 2022, with more than 7 million workers accessing approximately \$22 billion in 2022. DFI expects to collect \$186,900 during FY27 (assessment would cover activity from July-December 2026) and \$373,800 during FY28 and ongoing.

In addition, each licensee under the proposed legislation is subject to examination. Examinations are billed hourly and billable exam costs are expected to be \$14,400 in FY27 and \$32,400 in FY28 and beyond.

For purposes of this fiscal note, investigative fees are not included as they are indeterminate.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

One-time expenditures:

The proposed legislation creates a new license type. DFI will need to revise existing computer applications. IT contract costs are estimated to be \$29,500 in FY26.

Ongoing expenditures:

DFI will collect financial, criminal background information, and other identifying information for review of suitability for licensure.

DFI will have authority to examine and investigate each licensee.

DFI will receive, investigate, and resolve complaints.

DFI will have enforcement authority.

The costs of conducting these activities are represented by the FTE estimates below:

Program FTEs in FY26 and beyond:

FTE	Position	Functional Unit
0.2	Management Analyst 5	Licensing

0.2 Total Program FTEs

Program FTEs in FY27 and beyond:

FTE	Position	Functional Unit
0.1	Management Analyst 4	Exams
1.0	Financial Examiner 3	Exams
0.5	Financial Examiner 4	Exams
0.2	Financial Legal Examiner 3	Enforcement
0.2	Financial Legal Examiner Supv.	Enforcement

2.0 Total Program FTEs

Administrative overhead is calculated at 15% of program FTEs using a Management Analyst 5 as a representative position, which comes to an additional 0.3 FTEs and \$42,121 starting in FY 27. Expenditure growth is projected at 5% per year to account for standard salary progression.

Part III: Expenditure Detail

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation made several changes to defined terms and additional prohibited acts were added. These changes do not change the fiscal impact stated in the original version.

The proposed legislation does not have a fiscal impact to the Washington State Patrol (WSP).

The proposed legislation would establish a new chapter for the licensing and regulation of businesses providing earned wage access services.

New section 4(2)(a)(i) requires applications for licenses to provide identifying information, including fingerprints for submission to WSP or any governmental agency or entity, authorized to receive this information for a state and national criminal history background check.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

There is no cash receipt impact to WSP.

The Department of Financial Institutions (DFI) stated they will be processing background checks through a nationwide system; therefore, there is no cash receipt impact to WSP.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is no fiscal impact to WSP.

DFI stated they will be processing background checks through a nationwide system; therefore, there is no fiscal impact to WSP.

OFM Review: Courtney Kinney	Phone: 360 584 5705	Date: 02/19/2025

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed bill creates a new chapter establishing licensing requirements for businesses that provide advanced payment of earned, but unpaid, wages to individuals.

SHB 1063 is different than HB 1063 in that it:

- Modifies definitions;
- Prohibits an earned wage access (EWA) provider from charging a consumer a subscription or membership fee to access EWA services;
- Decreases the per transaction fee cap and permits the Department of Financial Institutions (DFI) to increase the fee cap every five years based on inflation;
- Prohibits an EWA provider from making tipping an automated or default option for transactions;
- Prohibits an EWA provider from setting a minimum tipping amount for transactions;
- Adds authority for DFI to suspend licenses of any licensee who is an individual that is violating a child support order per the Department of Social and Health Services;
- Adds that DFI can assess fees that cover the entire cost of administering the EWA Services Act and specifies that fees assessed must be deposited in the Financial Services Regulation Fund; and
- Specifies that if EWA providers start engaging in activities, such as money transmission or lending, they are subject to the laws regulating those entities and activities as well.

These changes do not affect the impact for the Department of Labor and Industries (L&I).

The proposed bill does not have fiscal impact for L&I. All licensing and regulatory requirements are under DFI. There is no enforcement, other regulatory requirements, or overlap to statutes that L&I oversees.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Narrative Explanation (Required for Indeterminate Cash Receipts)

This bill creates a new chapter titled the Earned Wage Access Services Act, which creates and establishes a new program in the Department of Financial Institutions (DFI) to regulate earned wage access products and services. Earned wage access (EWA) products allow employees to receive advance proceeds based on a consumer's earned but unpaid income. The bill states that any person offering EWA services must be licensed beginning July 1, 2026. Sections 3-5 set forth the general licensing application requirements and process. Section 9 states business practices that licensees must comply with including certain disclosure requirements. Section 7 adds a fee limit of up to \$7 for any fee for delivery or expedited delivery of an EWA services transaction. Licensees are also subject to DFI's examination and enforcement authority; which are similar to the requirements set forth in the Consumer Loan Act, chapter 31.04 RCW.

DFI estimates that approximately 28 companies will be subject to licensing under the proposed legislation. The fees anticipated in the bill will be set by rule and DFI will set appropriate fee structures to cover costs.

DFI expects to set the initial licensing fee for Earned Wage Access service providers at \$1,500. The agency expects to collect about \$42,000 (\$1,500 x 28) in initial licensing fees during FY26 from the estimated 28 companies. DFI expects additional companies to start conducting EWA activities and requiring licensure, resulting in collection of about \$3,000 (\$1,500 x 2) in FY27 and ongoing.

Ten-Year Analysis

Bill Number 1063 S HB	Title Earned wage access services	Agency 102 Department of Financial Institutions
---------------------------------	---	---

This ten-year analysis is limited to agency estimated cash receipts associated with the proposed tax or fee increases. The Office of Financial Management ten-year projection can be found at <http://www.ofm.wa.gov/tax/default.asp>.

Narrative Explanation (Required for Indeterminate Cash Receipts)

Licensees under the proposed legislation will pay an annual assessment fee based on their volume of business the previous year. The first annual assessment fees will be due in FY27 for business conducted in calendar year 2026. DFI estimates the following revenue under the assumption that licensees will handle an average of \$22,250,000 year in funds. In a report published July 18, 2024, the Consumer Financial Protection Bureau estimates that the number of earned wage access transactions grew by over 90% from 2021 to 2022, with more than 7 million workers accessing approximately \$22 billion in 2022. DFI expects to collect \$186,900 during FY27 (assessment would cover activity from July-December 2026) and \$373,800 during FY28 and ongoing.

In addition, each licensee under the proposed legislation is subject to examination. Examinations are billed hourly and billable exam costs are expected to be \$14,400 in FY27 and \$32,400 in FY28 and beyond.

For purposes of this fiscal note, investigative fees are not included as they are indeterminate.
