II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Attorney General's Office (AGO) Consumer Protection Division (CPR) and Policy Division (POL) activities are funded with General Fund-State dollars. No cash receipt impact. There is no client agency to bill for legal services.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Attorney General's Office (AGO) Agency Assumptions:

This bill is assumed effective immediately.

Location of staffing is assumed to be in a King County office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 FTE (MA) is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 Paralegal 1 FTE (PL1) and 0.4 MA.

1. Assumptions for the AGO Consumer Protection Division (CPR) Legal Services:

CPR assumes an initial period of investigation and enforcement activity to monitor and encourage compliance, followed by a high degree of compliance with the bill. Specifically with respect to The Manufactured Mobile Home Landlord-Tenant Act (MHLTA) amendments, CPR assumes potential impacts to the program will be offset by an expected reduction in the number of complaints regarding rental increases in manufactured mobile home lots.

CPR: Total King County workload impact:

FY 2026 and FY 2027: \$94,000 for 0.2 AAG, 0.2 Senior Investigator Analyst FTE (INV), and 0.1 PL1

2. Assumptions for the AGO Policy Division (POL) Legal Services:

The AGO will assign a Policy Analyst FTE (PA) to do research, consultation for the model lease provisions regarding rent and fee increases, and complete and publish the final product. Hard copy version of the model lease will cost \$150,000. Language translation for the top ten spoken languages will cost \$20,000. The AGO will need to periodically update the model lease in response to changes in the law. This estimates that workload for updating will be 10 percent of the initial workload.

POL: Total King County Workload impact:

FY 2026: \$361,000 for 1.0 PA which includes direct costs of \$170,000

FY 2027 and in each FY thereafter: \$36,000 for 0.1 PA which includes direct costs of \$17,000

3. The AGO Agriculture and Health Division (AHD) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Commerce (Commerce). Nominal AAG hours of advice are anticipated in assisting the client in establishing the on-line landlord resources center under Section 105 and contracting under Section 303 for a social vulnerability assessment. New legal services are nominal, and costs are not included in this request.

Total AGO workload impact:

FY 2026: \$455,000 for 0.2 AAG, 0.2 INV, 0.1 PL1, and 1.0 PA which includes direct costs of \$170,000

FY 2027: \$130,000 for 0.2 AAG, 0.2 INV, 0.1 PL1, and 0.1 PA which includes direct costs of \$17,000

FY 2028 and in each FY thereafter: \$36,000 for 0.1 PA which includes direct costs of \$17,000

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of HB 1217 is identical to the original version, with the exception that the substitute version fixes a date applicable to the Office of the Attorney General under Section 105(2)(d). The change in the substitute does not affect Commerce's original estimate of the costs of this bill.

Section 105- The bill requires The Department of Commerce (Department) to establish an online landlord resource portal that hosts resources from two Department programs: the Landlord Mitigation Program (RCW 43.31.605) and the Low-Income Residential Weatherization Program (Chapter 70A.35). The portal would host additional resources from other agencies.

Designing, launching, and maintaining the landlord resource portal would have a fiscal impact.

Sec. 303- The Bill requires the Department contract with a third-party to conduct a Social Vulnerability Impact assessment, measuring the following consequences of the bill: measuring impacts to existing tenancies, measuring impacts to the social vulnerability of immutable characteristic subpopulations and/or housing cost-burdened subpopulations, evaluating impacts on new or transitioning renters due to the bill's rent caps, assessing impacts on other rental markets such as short-term or vacation rentals, and evaluating impacts on state-owned or state-funded or state-run housing units.

Staffing and procurement for this project and contracting for third-party services would have a fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipts.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Sec. 105- Requires the landlord resource portal be implemented. Analysis assumes that it will be hosted on The Department of Commerce's (Department) existing website within the existing page hierarchy.

Design and implementation of portal

FY26- 0.10 FTE Commerce Specialist 4
FY27- FY31 No impact

Maintenance of portal

FY26-FY31 No impact

Sec. 303- Requires the Department to contract with a third-party for the Social Vulnerability Assessment. Requires submission of the assessment by December 1, 2027. Analysis assumes that no budget appropriations will be provided to cover the expense of the Social Vulnerability Assessment based on bill as written.

Project management of the Social Vulnerability Assessment

FY26-FY28 0.25 Management Analyst 4
FY26-FY28 0.10 WMS3
FY29-FY31 No impact

Estimated procurement cost based on bill's requirements

The Department is unsure whether the timeline for the study due date will allow for meaningful data analysis to determine the impacts of the bill. Variables include deliverables in the study and required consultant hours. For illustrative purposes, the Department identified a recent consultant contract with a comparable scope and timeframe and adjusted it based on inflationary factors. The best estimate is \$300,000 - \$350,000. However, the exact cost is indeterminate.

Cost Narrative

0.10 FTE Commerce Specialist 4 (209 hours) for FY26 to help design, test, and implement the creation of the new portal to be incorporated into the existing website for the Department of Commerce.
0.25 FTE Management Analyst 4 (522 hours) for FY26 through FY28 to implement and oversee the contract with a third party for the Social Vulnerability Assessment.
0.10 FTE WMS Band 3 (209 hours) for FY26 through FY28 to monitor the progress and review the results of the Social Vulnerability Assessment.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This note is on 1217 SHB and compares it to 1217 HB.

CHANGES BETWEEN THIS VERSION AND THE PRIOR VERSION OF THE BILL:

This version of the bill extends the deadline for the Office of the Attorney General to publish the first version of model lease provisions (regarding rent and fee increases) from January 1, 2025, to January 1, 2026.

This change does not affect the fiscal impacts discussed below.

SUMMARY OF CURRENT BILL:

This bill establishes rent stabilization policies in the state of Washington. These policies would limit rent, and fee increases to seven percent during any 12-month period and prohibits rent and fee increases during the first 12 months of a tenancy for tenants subject to the Residential Landlord-Tenant Act and the Manufactured/Mobile Home Landlord-Tenant Act with certain exemptions for public housing authorities, public development authorities, and certain nonprofit entities described in Sec. 102. A local government may adopt policies, ordinances, or other regulations to enforce the bill.

Sec. 301 contains an emergency clause which takes effect immediately.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This legislation provides cities and counties an option to adopt policies, ordinances, or other regulations to enforce the legislation. Currently, there are five cities that regulate tenancies: Seattle, Auburn, Burien, Tacoma, and Olympia. These cities will need to review their codes to determine if they are in conflict with the legislation. The Local Government Fiscal Note Program's (LGFN) cost model estimates the average professional compensation at the local level to be \$72.33 per hour, including benefits and overhead. Costs to local governments would depend upon the staff time required for each affected local government to review their code. For illustrative purposes, the city of Olympia estimates city staff would need up to 5 hours for code review at a total cost of \$1,808.25 as follows:

$$\$72.33 \times 5 \text{ hours} \times 5 \text{ cities} = \$1,808.25$$

Additional staff costs would be required if the code needed to be amended as follows:

The typical cost to adopt an ordinance per jurisdiction ranges from \$675 for a simple ordinance to \$6,775 for a complex ordinance. These costs include costs for draft ordinances, advisory commission meeting and recommendation, finalized ordinance, publication of ordinance, and general public information. The LGFN program has determined this ordinance to be complex. However, since there is currently no requirement to adopt new ordinances under this legislation, these costs are speculative and indeterminate for those jurisdictions that do not currently regulate tenancies.

Note: These cost estimates are for only one meeting or staff report, more complex ordinances would likely require more meetings and potentially more staff reports. There would be further costs associated with enforcing or executing the ordinance. These costs are indeterminate.
