## **Part II: Narrative Explanation**

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 5400 creates the local journalism investment account, coupled with the general fund as the recipient of the earnings from investments under RCW 43.84.092(4).

There will be some de-minimis work for OST which can be completed within current practices and resources.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

There may be an impact on the debt service limitation calculation. Changes to the earnings credited to the general fund impacts, by an equal amount, general state revenues.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

## Part III: Expenditure Detail

#### III. A - Operating Budget Expenditures

**NONE** 

#### III. B - Expenditures by Object Or Purpose

NONE

III. C - Operating FTE Detail: FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.

**NONE** 

#### III. D - Expenditures By Program (optional)

**NONE** 

## Part IV: Capital Budget Impact

#### IV. A - Capital Budget Expenditures

NONE

#### IV. B - Expenditures by Object Or Purpose

NONE

#### IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.

NONE

## Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

## Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 5400 introduces modifications to the SB 5400 bill that impact the Department of Commerce (Department). Key differences include:

SSB 5400 removes the program's \$20 million per year limit, which is included in the original bill.

Section 2 (1) changes the program's name to Washington local news sustainability program.

Section 2 (3) changes eligibility requirements so that certain newspapers do not have to employ at least three journalists.

Section 2 (3)(c) adds that an eligible publisher of a newspaper covered under Section 5 (5) (a) may qualify for grants without meeting the requirements of a (ii) and (b).

Section 2 (6) removes the requirement for applicants to provide information on news coverage supported by the grant to the Department at least once per biennium and changes providing progress and final reports as requested by the Department.

Section 5 (5) (a) broadens the definition of a newspaper to include monthly publications

Section 6 is a new section that creates a new local journalist investment account in the state treasury. Money in the account may be spent only after appropriation.

Section 7 is a new section that adds a local investment surcharge to covered platforms starting April 1, 2026, and sets the maximum surcharge imposed at \$6 million annually. The business and occupation tax surcharge is 1.22%. Covered platforms include social media platforms or search engines with a gross income subject to a tax of greater than \$5 million.

In its entirety, SSB 5400 includes the following provisions:

Section 2 (1-2) establishes the Washington local news sustainability program and directs the Department to provide grants to support the employment of new journalists.

Section 2 (5) requires the dollar amount of each grant to be proportional to hours worked and reported to the Employment Security Department (ESD), requiring coordination and collaboration between the two agencies.

Section 2 (7) requires data and information to be submitted to the Department as requested.

Section 2 (8) includes community engagement for program development.

Section 3 allows for data sharing between the Department, ESD, and the Department of Revenue (DOR), which may require coordination meetings and data-sharing agreements.

Section 4 authorizes the Department to adopt rules to implement sections 2 and 5.

Section 6 creates the local journalism investment account in the state treasury. All revenues from the local journalism investment surcharges must be deposited directly into the account and money in the account may be spent only after appropriation.

Section 7 adds a local investment surcharge to covered platforms starting April 1, 2026, and sets the maximum surcharge

imposed at \$6 million annually. The business and occupation tax surcharge is 1.22%. Covered platforms include social media platforms or search engines with a gross income subject to tax of greater than \$5 million.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Cash receipts are indeterminate and based on the taxes collected by the Department of Revenue as outlined in Section 7.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 establishes the Washington local news sustainability program and directs the Department to provide grants to support the employment of new journalists. The dollar amount of each grant must be proportional to hours worked and reported to the ESD, requiring coordination and collaboration between the two agencies.

Section 3 allows for data sharing between the Department, ESD, and DOR, which may require coordination meetings and data-sharing agreements.

Section 4 authorizes the Department to adopt rules to implement sections 2 and 5.

Section 6 creates the local journalism investment account in the state treasury. All revenues from the local journalism investment surcharges must be deposited directly into the account and money in the account may be spent only after appropriation.

Section 7 adds a local investment surcharge to covered platforms starting April 1, 2026, and sets the maximum surcharge imposed at \$6 million annually. The business and occupation tax surcharge is 1.22%. Covered platforms include social media platforms or search engines with a gross income subject to a tax of greater than \$5 million.

The Department anticipates that DOR will begin collecting this tax effective April 1, 2026. Subject to appropriation in session 2026, the Department will use this funding to hire staff outlined to start as early as July 1, 2026. With these staff in place, the Department will conduct the RFQQ for contracts, work with Revenue and ESD on data-sharing agreements, and engage partners on the program design. Subject to appropriation in session 2027, the Department anticipates grants will begin being issued effective July 1, 2027. Pass-through costs are indeterminate estimates as there is no longer a cap of \$20 million annually. Estimates are included below under pass-through impacts.

#### Administrative Impacts:

The Department estimates that 5.2 new FTEs, effective July 1, 2026, will be required to implement this bill. The cost associated with these new FTEs is \$884,769 in FY 2027 and \$860,769 in FY 2028.

Commerce Specialist 3, 1.0 FTE – Grant Manager for Ethnic Media: Manage ethnic media grants
Provide technical assistance and capacity-building support
Collaborate with ESD and Revenue on data sharing

Commerce Specialist 3, 1.0 FTE – Grant Manager for Local Media: Manage local media grants
Provide technical assistance and capacity-building support
Collaborate with ESD and Revenue on data sharing

#### Communications Consultant 4, 1.0 FTE:

Design culturally and linguistically appropriate outreach and communications plan to advertise grant opportunities Support communication needs of the program including website, media, announcements, and compile reporting from grantees

#### Management Analyst 5, 1.0 FTE:

Lead rulemaking activities

Conduct community engagement to inform program development

Develop and maintain data-sharing agreements with ESD and DOR

Develop and maintain a grant award methodology

Facilitate cross-agency collaboration and coordination

#### Commerce Specialist 5, 1.0 FTE:

Supervise program staff

Oversee grant application development and management

Manage grantees

Oversee outreach to potential grantees

#### WMS 3, 0.2 FTE:

Provide inter-agency leadership and policy oversight.

Supervise program team leader.

#### Contracts:

There is an indeterminate number of potentially eligible outlets for this grant program, but the program estimates that 30-120 ethnic media outlets and up to 127 local newspapers may be eligible.

Given the number of potentially eligible outlets, the Department estimates it may be more cost-effective to have the grant payments issued by an external contractor rather than managed within the Department. The Department anticipates issuing a Request for Quotes and Qualifications (RFQQ) to identify an organization that can process grant payments, process invoices, and collect backup documentation. Cost is indeterminate and will be determined by the competitive RFQQ process and number of outlets eligible for this program.

The Department holds a current contract with an organization to provide logistical support and stipend payments to participants in a workgroup. This work is billed at \$452 per participant per payment occurrence. The responsibilities of the apparent successful bidder may also include data collection, reporting, and regular coordination with the Department. Based on this current contract as an example, and taking these additional responsibilities into account, the Department estimates the cost of this contract could range from:

\$450 per grant payment

150 grants = \$67,500

200 grants = \$90,000

250 grants = \$112,500

\$1000 per grant payment

150 grants = \$150,000

200 grants = \$200,000

250 grants = \$250,000

Pass-through impacts

SSB 5400 does not specify an annual appropriation, so pass-through funding is indeterminant. However, based on previous versions of this bill that included the same revenue model (a business and occupation tax surcharge of 1.22 percent on specific social media platforms and search engines), the Department anticipates up to \$20 million minus staffing and contracting costs. Grant values will vary based on Section 2 (5) criteria. The number of grants will be determined by the number of eligible applicants who meet the criteria, and applicants will receive funding split proportionally to how many eligible people applied. Final grant award levels will reflect the difference between the revenue collected and the necessary administrative costs for this program.

The Department estimates that 150 - 250 outlets may be eligible for funding.

The information below illustrates possible award amounts depending on the amount of revenue received and the number of qualified grantees (total revenue - administrative expenses/number of grants = average grant award)

#### \$10 million in revenue

150 grants: \$10 million - \$884,769 / 150 = \$60,768 200 grants: \$10 million - \$884,769 / 200 = \$45,576 250 grants: \$10 million - \$884,769 / 250 = \$36,460

#### \$15 million in revenue

150 grants: \$15 million - \$884,769 / 150 = \$94,101 200 grants: \$15 million - \$884,769 / 200 = \$70,576 250 grants: \$15 million - \$884,769 / 250 = \$56,460

#### \$20 million in revenue

150 grants: \$20 million - \$884,769 / 150 = \$127,434 200 grants: \$20 million - \$884,769 / 200 = \$95,576 250 grants: \$20 million - \$884,769 / 250 = \$76,460

## Part III: Expenditure Detail

## III. A - Operating Budget Expenditures

| Account | Account Title      | Type     | FY 2026 | FY 2027 | 2025-27 | 2027-29   | 2029-31   |
|---------|--------------------|----------|---------|---------|---------|-----------|-----------|
| NEW-1   | Local Journalism   | State    | 0       | 884,769 | 884,769 | 1,721,538 | 1,745,538 |
|         | Investment Account |          |         |         |         |           |           |
|         |                    | Total \$ | 0       | 884,769 | 884,769 | 1,721,538 | 1,745,538 |

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

## Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in SSB 5400, 2025 Legislative Session.

#### COMPARISON OF SUBSTITUTE BILL WITH ORIGINAL BILL:

- Changes the program name from Local News Journalism Corps Program to Local News Sustainability Program.
- Removes the Workforce Education Investment Surcharge as the program's funding source.
- Creates a new local journalism investment surcharge of 1.22% to fund the program.

This fiscal note only addresses sections 3 and 7 of the bill, which impact the Department of Revenue (department).

#### CURRENT LAW:

Certain business and occupation (B&O) surcharges exist and are in addition to the standard B&O tax paid on a business activity. The workforce education investment surcharge of 1.22% and additional tax on specified institutions of 1.2% apply to the amounts subject to the service and other activities business and occupation (B&O) tax. The surcharge is in addition to the service and other activities B&O tax.

#### PROPOSAL:

This bill creates the Washington Local News Sustainability (WLNS) program within the Department of Commerce (Commerce). The program provides grants to support the employment of news journalists in Washington.

This bill creates a local journalism investment (LJI) surcharge of 1.22% for business activity reported on or after April 1, 2026. The surcharge applies to the service and other activities B&O income of a covered platform.

A covered platform is a business:

- With service and other activities gross income greater than or equal to \$5 million in the immediately preceding calendar year.
  - That is a social media platform or search engine.

The amount of surcharge paid by a covered platform is capped at \$6 million per year.

The surcharge must be paid quarterly.

The Local Journalism Investment Account receives the LJI surcharge receipts.

Commerce, the Employment Security Department, and the department may establish a data-sharing agreement to operate the WLNS program.

#### **EFFECTIVE DATE:**

The LJI surcharge takes effect on January 1, 2026.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### **ASSUMPTIONS:**

- The annual growth rate reflects the Economic and Revenue Forecast Council's November 2024 B&O tax forecast.

Request # 5400-2-1

- Revenues, as estimated, assume passage of the proposal by April 27, 2025, allowing a full fourteen months to implement.
- This proposal takes effect January 1, 2026, but applies to amounts reported beginning April 1, 2026, resulting in 12 months of impact in fiscal year 2027.

#### DATA SOURCES:

- Department of Revenue, Excise tax data
- Economic and Revenue Forecast Council, November 2024 forecast

#### **REVENUE ESTIMATES:**

This bill increases state revenues by an estimated \$24.2 million in the twelve months of collections in fiscal year 2027 and by \$24.7 million in fiscal year 2027.

#### TOTAL REVENUE IMPACT:

State Government (cash basis, \$000):

FY 2026 - \$ 0 FY 2027 - \$ 24,200 FY 2028 - \$ 24,700 FY 2029 - \$ 25,300 FY 2030 - \$ 25,800 FY 2031 - \$ 26,400

Local Government, if applicable (cash basis, \$000): None.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

#### **ASSUMPTIONS:**

This bill affects 100 taxpayers operating a covered platform.

#### FIRST YEAR COSTS:

The department will incur total costs of \$731,000 in fiscal year 2026. These costs include:

Labor Costs – Time and effort equate to 4.5 FTEs.

- Set up, program and test computer system changes.
- Gathering requirements, attending implementation meetings, and documenting and testing system changes.
- Create special notice and update relevant information on the department's website.
- Respond to data requests and questions, compile statistics, and manage data.
- Answer additional phone calls and counter inquiries from businesses, individuals, and accountants regarding tax questions and tax return preparation.

Object Costs - \$149,400.

- Computer system changes, including contract programming.

#### SECOND YEAR COSTS:

The department will incur total costs of \$190,300 in fiscal year 2027. These costs include:

Labor Costs – Time and effort equate to 1.6 FTEs.

- Continued computer system testing, monitoring, and maintenance.

- Process tax return work items, assist taxpayers with reporting questions and respond to inquiries via email, web message and paper correspondence.
  - Examine accounts and make corrections as necessary.
  - Respond to data requests and questions, compile statistics, and manage data.
- Hear additional administrative reviews that provide taxpayers with an informal, non-adversarial dispute resolution process for the review of a disputed action by the department, such as an assessment of taxes, notice of taxes due, denial of a refund request, or tax ruling.

#### ONGOING COSTS:

Ongoing costs for the 2027-29 biennium equal \$311,500 and include similar activities described in the second-year costs. Time and effort equate to 1.35 FTEs.

## Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This Legislation creates a Local News Journalism grant program in the Department of Commerce to support employment of local news journalists covering civic affairs; Employment Security Department (ESD) and Department of Revenue (DOR) may share data to assist Commerce in its implementation.

Changes from the original to the substitute include:

- Removes funding for the Local News Journalism Corps Program from the Workforce Education Investment Account and surcharge.
- Introduces a 1.22% local journalism investment surcharge on for-profit social network sites and internet search portals with an annual gross income exceeding \$5 million, effective January 1, 2026.
- Caps the total surcharge an entity may pay at \$6 million.
- Creates a Local Journalism Investment Account funded by the surcharge revenues, designated for the Local News Journalism Corps Program.
- Renames the program to the Washington Local News Sustainability Program.
- Removes the biennium reporting requirement for funded applicants, replacing it with progress and final reports as requested by the Department of Commerce.
- Requires eligible broadcasters to update their content weekly, rather than updating 25% of their content weekly.
- Updates the definition of "qualifying publication" to remove references to legal newspapers, aligning with the business and occupation tax code, and includes publications issued at least once per month.
- Allows eligible newspaper publishers to qualify for grants without meeting journalist employment requirements.
- Modifies the definition of covered platform for the surcharge, replacing references to industry codes with specific references to search engines and social media platforms, and provides definitions for these terms.

These changes do not substantially impact ESD's assumptions, and ESD anticipates the workload to implement would be small and absorbed into existing resources.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

## Narrative Explanation (Required for Indeterminate Cash Receipts)

Note: This fiscal note reflects language in SSB 5400, 2025 Legislative Session.

#### COMPARISON OF SUBSTITUTE BILL WITH ORIGINAL BILL:

- Changes the program name from Local News Journalism Corps Program to Local News Sustainability Program.
- Removes the Workforce Education Investment Surcharge as the program's funding source.
- Creates a new local journalism investment surcharge of 1.22% to fund the program.

This fiscal note only addresses sections 3 and 7 of the bill, which impact the Department of Revenue (department).

#### CURRENT LAW:

Certain business and occupation (B&O) surcharges exist and are in addition to the standard B&O tax paid on a business activity. The workforce education investment surcharge of 1.22% and additional tax on specified institutions of 1.2% apply to the amounts subject to the service and other activities business and occupation (B&O) tax. The surcharge is in addition to the service and other activities B&O tax.

#### PROPOSAL:

This bill creates the Washington Local News Sustainability (WLNS) program within the Department of Commerce (Commerce). The program provides grants to support the

## Narrative Explanation (Required for Indeterminate Cash Receipts)

employment of news journalists in Washington.

This bill creates a local journalism investment (LJI) surcharge of 1.22% for business activity reported on or after April 1, 2026. The surcharge applies to the service and ot activities B&O income of a covered platform.

A covered platform is a business:

- With service and other activities gross income greater than or equal to \$5 million in the immediately preceding calendar year.
- That is a social media platform or search engine.

The amount of surcharge paid by a covered platform is capped at \$6 million per year.

The surcharge must be paid quarterly.

The Local Journalism Investment Account receives the LJI surcharge receipts.

Commerce, the Employment Security Department, and the department may establish a data-sharing agreement to operate the WLNS program.

#### **EFFECTIVE DATE:**

The LJI surcharge takes effect on January 1, 2026.

#### ASSUMPTIONS:

- The annual growth rate reflects the Economic and Revenue Forecast Council's November 2024 B&O tax forecast.
- Revenues, as estimated, assume passage of the proposal by April 27, 2025, allowing a full fourteen months to implement.
- This proposal takes effect January 1, 2026, but applies to amounts reported beginning April 1, 2026, resulting in 12 months of impact in fiscal year 2027.

#### DATA SOURCES:

- Department of Revenue, Excise tax data
- Economic and Revenue Forecast Council, November 2024 forecast
