Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

The engrossed second substitute expands the definition of private detention facility to include certain non-profit detention facilities.

The original bill modified certain regulations to operational standards for private detention facilities, inspections of such facilities, civil penalties for violation involving such facilities and exemptions for certain type of facilities and authorized the Department of Health to inspect private detention facilities at any time for compliance with applicable state or federal law and take enforcement action against noncompliant facilities.

II. B - Cash Receipts Impact

None

II. C - Expenditures

No fiscal impact to the Administrative Office of the Courts as this bill does not affect current AOC or court processes.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

E2SHB 1232 relates to private detention facilities.

The office of the state treasurer (OST) does not operate private detention facilities, therefore there is no OST fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1. The Attorney General's Office (AGO) Social & Health Services Division (SHO) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Social & Health Services (DSHS). DSHS facilities do not meet the definition of a "private" facility under the existing statute and under this bill. New legal services, including client advice about how the amendments apply to their facilities are nominal, and costs are not included in this request.

2. The AGO Agriculture & Health Division (AHD) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Health (DOH). New legal services including advice on the adoption of updated rules setting, private detention facility standards, and representation of DOH in taking actions under new enforcement authority are nominal, and costs are not included in this request.

The AGO AHD Division has reviewed this bill and determined it will not increase or decrease the division's workload in representing the Department of Commerce (Commerce). Therefore, no costs are included in this request.

3. The AGO Revenue Division (REV) has reviewed this bill and determined it will not increase or decrease the division's workload in representing the Office of the State Treasurer (OST). Therefore, no costs are included in this request.

4. The AGO Labor and Industries Division (LNI) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Labor & Industries (L&I). This bill modifies an existing statute with a focus on the conditions of confinement. Those are not areas where L&I is responsible for enforcing or otherwise engaging with. One minor change that would affect L&I is the removal of "for profit" from the current statute. That would slightly expand the universe of employers who could be inspected under the law. However, the change is it would not meaningfully alter LNI's legal workload. L&I's underlying duties under the existing statute otherwise remain effectively unchanged. New legal services are nominal, and costs are not included in this request.

5. The AGO Corrections Division (COR) has reviewed this bill and determined it will not increase or decrease the division's workload. Therefore, no costs are included in this request.

6. The AGO Children, Youth and Families Division (CYF) has reviewed this bill and determined it will not increase or decrease the division's workload. The enactment of this bill will not impact the provision of legal services to the Department of Children, Youth, and Families (DCYF). DCYF does not have a role in implementing this bill, and this bill does not impact DCYF's facilities. Therefore, no costs are included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill amends RCW 70.395.020, 70.395.040, 70.395.050, 70.395.060, and 70.395.100; adding new sections to chapter 70.395 RCW; creating a new section; and declaring an emergency.

E2SHB 1232 is different from SHB 1232 in that it:

- Section 2(a) "A safe and clean environment for detained persons, staff, and visitors" has been removed.
- Section 2(d) "Natural or mechanical ventilation sufficient to remove odors, smoke, excessive heat, and condensation from all habitable rooms" has been removed.
- Section 2(e) "A heating system operated and maintained to sustain a comfortable, healthful temperature in all habitable rooms" has been removed.

These changes do not affect the impact for the Department of Labor and Industries (L&I).

The proposed bill does not have fiscal impact for the Department of Labor and Industries (L&I). There is no change to inspection requirements for L&I Division of Occupational Safety and Health (DOSH).

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

E2SHB 1232 relates to private detention facilities amending RCW 70.395.020, 70.395.040, 70.395.050, 70.395.060, and 70.395.100; adding new sections to chapter 70.395 RCW.

The Department of Social and Health Services (DSHS) does not operate any private detention facilities, therefore enacting this bill into law will result in no fiscal impact to DSHS.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The fiscal impact to the Department of Health (DOH) has not changed from the previous fiscal note on S HB 1232.

Summary of changes from substitute bill E2S HB 1232:

This version amends statutes that were established as part of Second Substitute House Bill (2SHB) 1470 (chapter 419, Laws of 2023), amends RCW 70.395.060 to set standards for nutrition, food safety and services, communications and visitation, rights for detained individuals, staffing and staff training, and infection control and amends RCW 70.395.040 to modify the standards for which DOH must establish rules.

Section 4: of the bill provides DOH with additional enforcement tools and fining authority in instances of repeat violations, deficiencies, or non-compliance. DOH is required to adopt in rule specific fine amounts in relation to the severity of non-compliance. As resources allow, DOH will make plans of correction and enforcement actions available to the public.

Section 6: further defines operating compliance standards.

Section 7: removes the exemption for facilities that provide counseling, treatment, mental health, educational, or medical services to juveniles who are subject to Title 13 RCW, or similarly applicable federal law.

New Section 8: This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions and takes effect immediately.

New Section 9: If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

New Section 10. This act shall be construed liberally to effectuate its purposes.

New Section 11: adds language to null and void the bill is funding is not provided by June 30, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

N/A

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2:

DOH is required to develop and adopt measurable standards providing sanitary, hygienic, and safe conditions for individuals detained in private detention facilities. DOH anticipates utilizing a significant rulemaking process in accordance with the Administrative Procedures Act. The rules must address safe and clean environments, access and equipment for people with physical and mental disabilities, adequate lighting, water quality, cleaning services, maintenance, sewage and waste disposal, and civil penalties. Based on DOH's experience, DOH anticipates this rulemaking to be complex and controversial. This rulemaking is subject to a cost-benefit analysis and environmental justice assessment, and potentially a small business

economic impact statement. DOH must conduct extensive engagement with interested and impacted parties and community members to develop the draft rules and will include at least twelve listening sessions and rules workshops. DOH will engage with individuals who are detained or have experience previously being detained, their family members, Tribes, community members, immigration advocates, private detention facilities, and federal and state government agencies. In addition to the extensive engagement, DOH will also hold a formal rule hearing. DOH anticipates providing English and Spanish interpretation services for all listening sessions, rules workshops, and the rules hearing. All written materials will be translated into at least Spanish to ensure an equitable rulemaking process. DOH anticipates this rulemaking will take approximately 24 months to complete.

Beginning in FY 2026 through 2027, DOH will require:

- 0.3 FTE, Environmental Planner 4, which would manage the rulemaking process, responsible for facilitating the listening session, rules workshops, drafting the rule language, preparing analyses, and ensuring compliance with the Administrative Procedures Act.
- 0.10 FTE, WMS2 Program Manager will oversee the rulemaking and engagement activities, and review rulemaking documents and materials.
- 0.2 FTE, Health Services Consultant 4, will provide subject matter expertise and technical input through the rule process, coordinate and lead community engagement activities, and review rulemaking documents and materials.
- 0.5 FTE Epidemiologist 3, this position located in the Office of Health Sciences, Communicable Disease EPI would be supporting EPH assisting with rule making and engagement activities and review documents and materials.
- Costs for interpretive and translation services are estimated at \$20,000.
- Costs for Office of Attorney General support in the amount of \$25,000.

Total Cost to implement section 2:

FY26: \$273,000, 1.5 FTE

FY27: \$269,000, 1.5 FTE

Section 3:

DOH is required to conduct inspections for juvenile private detention facilities related to food service and handling, basic sanitation and hygiene, nutrition, and complaints. These costs will depend on inspection frequency and number of facilities. Section 3 (d) requires private detention facilities both inside and outside of the facility every six months therefore DOH assumes at least two inspections per year per facility. Routine inspections will begin once rulemaking is completed.

Beginning in FY 2028 and ongoing, DOH will require:

- 0.5 FTE Public Health Advisor 3 to conduct inspections for the new private detention facilities required to comply with this chapter.
- 0.5 FTE WMS2 Program Manager to manage the expanded inspection program and supervise the inspection staff.
- 0.5 FTE Epidemiologist 3, this position located in the Office of Health Sciences, Communicable Diseases EPI would be assisting EPH with complaints of communicable diseases. If DOH becomes responsible for investigations and complaints of communicable diseases at private detention facility located within the state, then this position will support disease control and response activities. They will support with conducting investigations of complaints received relating to any private detention facility located within the state.
- Costs for translation and interpretive services for inspections in the amount of \$10,000.
- Attorney General time to review and advise on enforcement penalties will be estimated at \$22,000 in FY 2028 and ongoing.
- Travel will be needed for these staff to inspect facilities. DOH assumes one facility in Tacoma and one in Medical Lake, WA. The estimated travel would be \$4,000 per FY.

Total Cost to implement section 3:

FY28 and Ongoing: \$334,000, 2.1 FTE

Section 4:

These costs will depend on the number of complaints received, investigations, and enforcement actions DOH must take. DOH assumes it will receive at least 500 complaints per year, per facility. Assumptions have been made from the current work being done in Tacoma and scaled back due to the smaller number of people housed in the new facility. Enforcement actions will begin once rulemaking is completed.

Beginning in FY 2028 and ongoing, DOH will require:

- 1.0 FTE Health Services Consultant 4: This position will serve as the program subject matter expert, receive and triage complaints, coordinate investigations with the inspectors, generate enforcement action notices and reports, respond to public record requests and media inquiries, collaborate with local health jurisdictions, external government, Tribes, and community advocates, and post inspection statements of deficiencies, plans of correction, notice of plans of correction, enforcement actions and notices of resolution to DOH’s public facing website.
- 0.5 FTE WMS2 Program Manager: to manage the expanded investigations and enforcement program, supervise staff, oversee rule making, program development, and enforcement actions, serve as the point of contact with facility leaders, federal government, state agencies, Tribes, and advocacy groups, and respond to Legislative Inquiries.
- Costs for translation and onsite and/or virtual interpretive services for investigations and enforcement in the amount of \$10,000 per FY.
- Attorney General time to review and advise on enforcement penalties will be estimated at \$22,000 in FY 2028 and ongoing.

Total Cost to implement section 4:
FY28 and Ongoing: \$313,000, 2.1 FTE

Section 5: DOH is directed to make all facility inspection statements of deficiencies, plans of correction, notice of plans of correction, enforcement actions and notices of resolution publicly available on the Internet. DOH will complete this work using existing funding to publish this data.

Section 7:

By expanding the private detention centers to include juveniles in rehabilitation, counseling, treatment, mental health, educational, or medical services who are involved with the criminal justice system, this section increases the scope of work for DOH to then implement the other sections of this bill.

- The costs associated with this rulemaking would be completed in tandem with sections 2 and section 4 above.
- The costs associated with inspections would be completed in tandem with section 3.
- The costs associated with investigations and enforcement would be completed in tandem with section 4.
- The costs associated with making all facility inspection statements of deficiencies, plans of correction, notice of plans of correction, enforcement actions and notices of resolution publicly available on the Internet would be completed in tandem with section 5.

Total Cost to implement this bill:
FY 2026: \$273,000 and 1.5 FTE
FY 2027: \$269,000 and 1.5 FTE
FY 2028 and ongoing: \$647,000 and 4.2 FTE

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill seeks to add new definition to RCW 70.395.050 in order to support inspection of private detention facilities to ensure basic humane conditions are being met for those that live and work in these facilities.

Engrossed Second Substitute bill:

This substitute offers no changes with fiscal impact.

Original bill:

Section 4 is a new section giving the Department of Health (DOH) the authority to take corrective action when it inspects a private detention facility and finds the facility has failed or is not compliant with applicable state statutes or regulations.

Section 5 is a new section requiring DOH to, as resources allow, to make inspection results, plans of corrections, or enforcement actions available to the public on the internet.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No Fiscal Impact.

Department of Children, Youth, and Families (DCYF) considers this bill to have no fiscal impact as this bill relates to Private Detention Facilities which does not affect DCYF's institution or housing.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

An act relating to private detention facilities; amending RCW 170.395.020, 70.395.040, 70.395.050, 70.395.060, and 70.395.100; adding new sections to chapter 70.395 RCW; creating a new section; and declaring an emergency.

E2SHB 1232 does not have any changes from the latest version that affect the Department of Corrections.

The following impacts remain unchanged from the latest bill version, SHB 1232:

This bill amends state law related to the operations of private detention facilities and expands the rights of the Department of Health (DOH) to conduct inspections of these facilities. The Department of Corrections (DOC) does not currently contract to use private detention facilities. Therefore, this bill has no fiscal impact to DOC.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The updated bill language from E2SHB 1232 to SHB 1232 does not change the previous fiscal impact assumptions to DOC

The DOC assumes this bill will have no fiscal impact.

This bill affects private detention facilities and their compliance with measurable standards providing sanitary, hygienic, and safe conditions for detained persons as designated by DOH. The DOC does not currently contract to use private detention facilities. Therefore, this bill has no fiscal impact to DOC.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This fiscal note analyzes the local government impact of E2SHB 1232, comparing it to the impact of SHB 1232.

CHANGES BETWEEN THIS BILL VERSION AND PREVIOUS BILL VERSION:

The engrossed second substitute bill would modify the standards for private detention facility operational conditions that the Department of Health (DOH) would be required to establish through department rules.

This change would not affect the local government expenditure or revenue impacts below.

SUMMARY OF CURRENT BILL:

Section 1 of the proposed legislation would amend RCW 70.395.020, modifying various definitions that apply throughout chapter 70.395 RCW. The amendments in this section would remove the requirement that a facility be operated by a for-profit entity in order to fall under the definition of a private detention facility.

Section 2 would amend RCW 70.395.040, modifying the requirements for DOH rules regarding conditions in private detention facilities.

Section 3 would amend RCW 70.395.050, adding a provision specifying that DOH would be able to at any time inspect a private detention facility to determine whether it has failed or refused to comply with the requirements of chapter 70.395 RCW, standards or rules adopted under that chapter, or other applicable state or federal statutes or rules.

Section 4 would add a new section to chapter 70.395 RCW, specifying the options available to DOH if it finds during an inspection that a private detention facility has failed or refused to comply with applicable statutes or regulations.

Section 6 would amend RCW 70.395.060, modifying the operating requirements for private detention facilities that operate pursuant to a contract or agreement with a federal, state or local government.

Section 7 would amend RCW 70.395.100, removing the exemption from RCW 70.395.040 through 70.395.080 and sections 4 and 5 of the proposed legislation for facilities that provide counseling, treatment, mental health, educational, or medical services to juveniles under chapter 74.15 RCW.

Section 8 specifies that the proposed legislation would take effect immediately.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The proposed legislation would have an indeterminate impact on local government expenditures.

The Martin Hall Juvenile Detention Facility in Medical Lake, Washington is a private juvenile detention facility that incarcerates juveniles from Adams, Asotin, Douglas, Garfield, Grant, Lincoln, Pend Oreille, Spokane, Stevens and Whitman counties. This facility is operated by Community, Counseling, and Correctional Services, Inc. (CCCS), a Montana-based non-profit organization. By including facilities operated by non-profit entities in the definition of private detention facility, the substitute bill would make the Martin Hall Juvenile Detention Facility subject to the operating, inspection and violation enforcement provisions of the proposed legislation.

It is unknown, however, whether Martin Hall would incur any additional expenditures as a result of being subject to these requirements, what these costs may be, or whether they would be passed on to counties that contract for juvenile detention services. Accordingly, the local government expenditure impact of the proposed legislation is indeterminate.

The Department of Health assumes that under the bill's provisions it would conduct two inspections per private detention facility per year, and that the department would require 0.5 FTE for inspectors.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The proposed legislation would have no impact on local government revenues.
