Bill # 1483 E S HB

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

The engrossed substitute precludes original manufacturers from using “parts pairing” for certain purposes and deems the making of parts or tools available requirement inapplicable if such items are unavailable to the original manufacturer. It also exempts certain original manufacturers, products, and software from bill’s requirements.

This substitute bill retains the same court impacts as the original bill but adds no more.

II. B - Cash Receipts Impact

no

II. C - Expenditures

This bill could increase court workloads, but it is likely to be minimal in nature. As such this will have no or minimal fiscal impact to the Administrative Office of the Courts.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 1: New Section. Legislative findings.

Section 2: New Section. Definitions.

Section 3: New Section. Effective January 1, 2026, original manufactures must make parts, tools, and documentation regarding repairing or maintaining digital equipment to independent repair providers for products manufactured on or after July 1, 2021. Prohibits the use of certain types of parts for electronic products sold or manufactured after January 1, 2025. The original manufacturer is not required to sell parts if the parts are no longer available.

Section 4: New Section. Repair providers must provide customers with a written or electronic notice before accepting digital electronic products for repair. Notice must contain steps taken to ensure privacy and security of the products and the recommended steps the customer should take to safeguard data as well as a statement about the customer's right to privacy. Repair providers must also give notice if they use parts provided by a supplier other than the original manufacturer. Exempts "parts paring" for stand-alone biometric components.

Section 5: New Section. This chapter does not require a manufactured to divulge a trade secret unless necessary to provide parts, tools, or documentation. This chapter does not alter terms of arrangements between original manufacturer and authorized repair providers unless the terms would allow original manufacturer to waive its obligations under this act. This act does not require original manufacturer or authorized repair providers to provide parts, tools or information to modify produces or repair public safety communication equipment or medical devices as defined in federal law. This Section also exempts manufacturers of certain goods for this chapter, e.g. motor vehicles, power generation storage, or utility equipment. Allows original manufacturer to replace components with different components of equal or better quality.

Section 6: New Section. Neither original manufacturer nor authorized repair provider is liable to damage to a digital electronic product caused by an independent repair provider unless the damage is related to the design of the product.

Section 7: New Section. Legislatures finds this act affects the public interest for purposes of applying the consumer protection act, chapter 19.86 RCW, and will be enforced by the Attorney General's Office (AGO).

Section 8: New Section. Sections 1 through 7 and Section 9 are a new chapter in Title 19 RCW.

Section 9: Names chapter the Right to Repair Act.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None.

The Attorney General's Office (AGO) Consumer Protection Division (CPR) activities require General Fund-State. CPR enforces the Consumer Protection Act (CPA) against entities who violate RCW 19.86.020, which broadly prohibits unfair or deceptive acts or practices in trade or commerce. CPR's focus is on holding businesses and individuals accountable for conduct that misleads consumers. There is no cash receipt impact.

### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Attorney General’s Office (AGO) Agency Assumptions:

This bill is assumed effective 90 days after the end of the 2025 legislative session.

Location of staffing is assumed to be in a King County office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 FTE (MA) is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 Paralegal 1 FTE (PL1) and 0.4 MA.

1. Assumptions for the AGO Consumer Protection Division’s (CPR) Legal Services:

Several states have now passed right to repair legislation or are considering such legislation. CPR assumes that other states will make monitoring and enforcement a priority and that industry will increasingly come into compliance as right to repair takes hold in multiple jurisdictions, significantly lowering the enforcement burden with respect to potential litigation. CPR continues to anticipate a need for investigative activity to monitor for compliance during the first two years after the bill becomes effective.

FY 2026 through FY 2028:

AAG duties will include investigating potential violations, drawing conclusions from investigations and drafting Civil Investigative Demands (CID). Senior Investigator FTE (INV) duties will include interviewing witnesses, reviewing investigative records and attending to other investigative tasks as assigned.

CPR: Total workload hours:

FY 2026: 180 AAG hours and 180 INV

FY 2027: 360 AAG hours and 360 INV

FY 2028: 180 AAG hours and 180 INV

CPR: Total King County workload impact:

FY 2026: \$45,000 for 0.1 AAG, 0.1 INV, and 0.1 PL1

FY 2027: \$94,000 for 0.2 AAG, 0.2 INV, and 0.1 PL

FY 2028: \$45,000 for 0.1 AAG, 0.1 INV, and 0.1 PL1

2. The AGO Solicitor General’s Office Division (SGO) has reviewed this bill and determined it will not increase or decrease the division’s workload in advice or litigation. Therefore, no costs are included in this request.
